ACKNOWLEDGEMENTS

I express my deep sense of gratitude to my revered teacher and supervisor Prof. P.K. Khosla, Head, Department of Forestry, Himachal Pradesh Agricultural University, Solan, who magnanimously contributed to my project with his laconic and formidable approach and with whom I ever found myself imbued in a sense of unity under the moments of work, discussions and writing.

My sincere thanks are due to Dr. O.P. Awasthi, Dean, College of Agriculture, H.P. Agricultural University, Solan and Prof. H.S. Sohi, Chairman, Panjab University Botany Department, Chandigarh for providing laboratory facilities, and Dr. P.S. Sareen, Reader, P.U. Botany Department for many valuable suggestions.

All this would have been impossible had I not been sagaciously helped by Sh. S.P. Dhall, C.G.A., H.P. Agricultural University, in statistical analysis. I am highly grateful to Dr. S.S. Negi (Chief Scientist, IVD, Palampur), Dr. A.M. Kaushal (Department of Forestry, HPAU, Solan) and Dr. Ravinder Bhawara (P.U. Botany Department, Chandigarh) for their kind help during the investigations. I am extremely grateful to the personnel of Department of Forest Farming and Environmental Conservation, Himachal Pradesh, Jammu and Kashmir Forest Department; Department of Forestry, H.P. Agricultural University, my friends and colleagues for their ever ready help and assistance throughout the course of present studies.

My thanks are also due to the Council of Scientific and Industrial Research and M/S WINCO Limited for providing the financial assistance.

The sustenance of my parents, wife and son is also gratefully acknowledged.

(DEVINDER KUMAR KHURANA)
