ACKNOWLEDGEMENT

I feel deeply indebted to Prof. S. Ramanujam, Professor of Genetics and Coordinator, All India Research Project on Pulses, Indian Agricultural Research Institute, New Delhi, for his supervision, valuable guidance and constant encouragement throughout the course of present investigations.

I am also grateful to Shri B.S. Gill and Shri S.H. Nathur of the Indian Agricultural Research Statistics, New Delhi, for their valuable help rendered in the statistical analysis of data.

Thanks are also due to Dr B.S. Joshi for his help during the preparation of thesis.

I am grateful to the Head of the Division of Genetics and the Director, Indian Agricultural Research Institute, New Delhi, for providing necessary facilities for carrying out the research work.
