Acknowledgements

It gives me great pleasure to acknowledge all the persons who came in contact in the way with helping hands, during my research tenure.

At this moment of accomplishment, first of all I pay extremely indebted to my advisor Dr. Yadav D Bodke, Assistant Professor, Department of P.G. Studies and Research in Industrial Chemistry, School of Chemical Sciences, Kuvempu University, for his guidance and support. I am grateful to him for giving an opportunity to work under him and it is with high regards that, I thank him for his inspiring guidance, endless encouragement and constructive criticism during my stay in his research group.

I would like to express special thanks to Prof. K. Vasanta Pai Chairman Department of Industrial Chemistry for providing his fullest support which led to complete my work. It is my pleasant duty to express my grateful thanks to Prof. H.S. Bhojya Naik, Registrar (Evaluation), Jnana Sahyadri, Kuvempu University, for his kind cooperation during my research work.

I would also like to acknowledge the valuable assistance of Dr. B.E. Kumara Swamy Faculty member of Industrial Chemistry and Dr. J. Manjanna, Rani Chennamma University Belagavi for their moral support and being there whenever needed. I also thank all the faculty members of Department of Industrial Chemistry and Chemistry Kuvempu University, for their constant support.

I take this opportunity to convey my heartfelt thanks and warm regards to Prof. Rangaraj Vanadurga, Registrar (Evaluation) Rani Channamma University, Belagavi, for their constant help and also personal care.

I am lovingly acknowledging the moral support of my parents Shri. Rajappa (late) and Smt. Rangamma who put the fundamental learning character, their valued education, inseparable support, prayers and spent hours with my research work and helping me with my studies. I also thank to my beloved sister Siddamma R and my brother Kariyappa R for their generous support and constant encouragement throughout my research work. I would not be where I am today without their help. I want to thank all my family members: My grandmother-Sathyamma, My brother in law-Puttaswamy, nephews-Nithin and Nikhil for giving me their time, fun, guidance and advice during my life and academic career.
I place on records my sincere thanks to UGC New Delhi, for the award of Rajiv Gandhi National Fellowship and financial support to carry out the research.

I am very much special thankful to my research group Dr. Venkatesh K Bhovi, Dr. Sheelvanth, Shankarappa Biradar, Chandrashekar A, Umesh Siddappa, Aruna Sindhe M, Nibin Joy, Talavar Venkatesh, Kavitha, Vinod, Darshan and Rajesh B for their kind co-operation and encouragement during the course of my research work.

I am very much thankful to Yogesha Babu, Dr Nagaraj, Asha. B. Manjunath, Nayaka G.P, Narasimha Murthy, Prasanna B, Obaleshappa and Gangadharaih for their constant help and encouragement during the course of my research work.

During my research I have been fortunate enough to collaborate with Sandeep Telkar, at the Department of biotechnology and Peethambar, Department of Biochemistry Kuvempu University, who helped in evaluating the biological studies of synthesized compounds.

I wish to extend my sincere thanks to N.G Padmanna Reddy and K.C. Goruvar my wonderful primary and high school teachers respectively who inspired me to study.

I would like to thank all my colleagues and friends for their kind help both in research and personal life: Vishwa, Suri, Shrungi, Dr. Jay, Pintu, Pachhi, Harish, Giri, Dr. Ganesh, Husna, Chidu, Pradeep, Kotesha, Shivanna, T. E. Musturappa, Dr. M. C. Prabhakar, Dr. Devappa, Dr. Sudhamani, Dr. Sudhakar, Dr. Vinay, Dr. Raghu (Bayya), Dr. Sharath, Dr. Shashikumar, Yashvanth, Sangeetha, Arun Kumar, Dr. Vinod, Dr. Dayanand, Dr. Khaleel, Yogi, Dr. Prabhakar Varma, Dr. Mahanthesh, Dr. Umeshchandra, Dr. Sathish, Chidananda Tumkur; Anjaneya, Yallappa, Vinuth, Sathish, Vishwanath. Mohan, Ashoka, Ganesh, Vidya and all research colleagues of Dept. of Industrial Chemistry and chemistry, Kuvempu University. My childhood friends: Parshu, Halesha, Manju, Harish, Basya, Lambesh, Vijay, Rangaswamy, Krishna, Thippi, Vinay (late), pavan and my degree friends: Narendra T, Mahanthesh N.T for their encouragement.

I furthermore thank all M.Sc. project students who worked for their dissertation work in YDB research laboratory during my research period.

I express my thanks to Jaya Naik lab technician and non-teaching staff of Industrial Chemistry Kuvempu University for their kind support and co-operation. 

Kenchappa .R
