CONTENTS

Part one - Inheritance of quantitative characters

INTRODUCTION

REVIEW OF LITERATURE

MATERIALS AND METHODS

EXPERIMENTAL RESULTS

1. Fruit yield per plant
2. Plant height
3. Fruit breadth
4. Fruit length
5. Number of branches
6. Number of fruits per plant
7. Leaf area
8. Number of seeds per fruit
9. Ascorbic acid content
10. Vitamin A content
11. Capsaicin content
12. Correlation studies

DISCUSSION

Part two - Inheritance of fruit rot resistance

1. Introduction
2. Review of Literature
3. Materials and Methods
4. Results
5. Discussion
