ACKNOWLEDGEMENTS

First and foremost, I have to thank my supervisor Dr. Kiran Kumar Ravulakollu for his guidance in my research work without whom this research would not have been completed. Secondly, I would like to express my gratitude to Late Dr. Pervez Ahmed who earlier was my supervisor and introduced me to the key concepts of this research. Without his guidance this research could not have been started.

This research gains contribution from Dr. Umapada Pal, Indian Statistical Institute (ISI), Kolkata and Mr. Tusar Kanti Mishra, National Institute of Technology (NIT) Rourkela through their valuable research publications. I hereby thankfully acknowledge them. I also thank Dr. Ujjawl Bhattacharya, ISI, Kolkata for providing me the data set of handwritten Odia numerals.

I owe a deep sense of gratitude to Prof. D. N. Bajpai, Executive Director, AIT-Greater Noida and Dr. M. K. Tyagi, Registrar, AIT-Greater Noida who have been a source of encouragement throughout this research period. This report is proofread by Dr. Neetu Mittal, Dr. Prasant Sarangi and Prof. J. S. Shukla of Apeejay Institute of Technology, Greater Noida. Their outstanding contributions to the readability of the thesis are herewith acknowledged.

My sincere thanks are due to Dr. R. M. Mehra, Dr. N. B. Singh, Dr. B. Bhattacharya and Mr. A. K. Sahoo of Sharda University, Greater Noida who have guided me in the right direction during this research work.

I wish to thank my wife Manasi Tripathy and daughter Ansika, who have shared the delights and griefs of this research and writing process with me.

This list of names would not have been completed without recalling my parents whose blessings have always been a protection for me. I dedicate this entire work to them.

(Pradeepta Kumar Sarangi)
