ACKNOWLEDGEMENT

It is my profound privilege to extend my deep sense of gratitude and indebtedness to Dr. (Mrs.) Usha Kanwar, Professor, Department of Zoology, Panjab University, Chandigarh, under whose expert guidance, meticulous efforts, constructive criticism and inspiring encouragement, the present work came to its successful end.

I am also thankful to Dr. S.N. Sanyal, Lecturer, Deptt. of Biophysics, Panjab University, Chandigarh, for the guidance, he provided to me.

I am extremely thankful to Dr. K.K. Tandon and Dr. O.P. Mittal, Chairman, Department of Zoology, Panjab University, Chandigarh, for their kind cooperation and providing me with necessary laboratory facilities.

I am obliged in particular to Dr. K.C. Kanwar, Professor, Dr. N.R. Kalla, Reader of Department of Biophysics and Dr. S.S. Handa, Professor, Department of Pharmacy, for their invaluable suggestions and constant willing cooperation during my research work.

I am indebted to the University Grants Commission, New Delhi, for having provided me with a teacher fellowship and making the financial aspect of this project possible. I am also thankful to Nirmal Singh, Shriman and Mr. M.R.
Manchanda, Secretary, Dev Samaj College Managing Committee, Ferozepur City for granting me four years leave to avail of the teacher fellowship.

The constant help, guidance and encouragement provided to me by my parents and colleagues, Dr. (Mrs.) Deepika Hazuria, Department of Zoology, Panjab University, Chandigarh Dr.(Mrs.) Ranjna Vohra, P.G.I., Chandigarh, Mrs. Maninder Kaur, Department of Pharmacy, Panjab University, Chandigarh and Mrs. Balbir Kaur, Senior Lecturer, Dev Samaj College, Ferozepur City have been major factor in the completion of my thesis work.

My thanks are also due to all members of the staff, friends and labmates for providing me congenial surroundings and timely help.

I must gratefully acknowledge my thanks to Mrs. Darshan Kaur of the Punjab Engineering College for her always precise and methodical approach to the typing of the thesis.

Appreciation must be given to those poor animals, who were sacrificed in order to make this work a success.

SUSHIL KUMARI
