ACKNOWLEDGEMENTS

I am highly indebted to Dr. Amarjit Singh, M.D., M.R.C.P. (London), D.T.M., Principal and Professor of Medicine, Government Medical College, Patiala, and Dr. Kesar Singh, M.Sc., Ph.D., Principal, Govt. College, Malerkotla, for providing me incentive, timely guidance and necessary help in completing this work.

I also owe a heavy debt of gratitude to Dr. I. D. Singh, Ph.D., Professor of Physiology, Government Medical College, Patiala, whose able guidance and personal interest has made this study smooth and interesting.

I am indebted to Dr. J. D. Khanna, M.D., Ph.D., Professor of Pathology, Government Medical College, Patiala, for helping me in the animal experimental work.

I express my sincere gratitude to Dr. S. S. Jolly, M.D., M.R.C.P., Assistant Professor of Medicine, Government Medical College, Patiala, who guided me at every step and has spent many hours in doing the necessary corrections.

I have been fortunate in having advice of Dr. B. S. Narang, Assistant Professor of Biochemistry and S. Amar Singh, Chemist, both of Medical College, Patiala, to whom my heart-felt thanks are due.

O. G. M.
