CERTIFICATE

This is to certify that **Mr. Benny K. Abraham** carried out the work of his thesis on "**Genetic polymorphism of CYP2D6 in four South Indian states**" for the Degree of Doctor of Philosophy in Pharmacology of Pondicherry University for the requisite period under the regulations in force and the thesis is the bonafide record of the work done by him under my supervision and guidance. The work is original and has not formed before the basis for the award to the candidate of any degree, diploma, associateship, fellowship or any other similar title.

I further state that the entire thesis represents the independent work of Mr. Benny K. Abraham and all the experimental techniques employed in this work were actually undertaken by the candidate himself under my advice, supervision and guidance.
