ACKNOWLEDGEMENTS

I am highly indebted to Dr. G.L. Arora M.Sc., Ph.D., (Lond.), D.I.C., (Lond.), F.R.E.S., F.E.S.I., F.A.Z., Reader in Entomology, Zoology Department, Panjab University for suggesting me this problem and for agreeing to supervise the present work. I am grateful to him for the keen interest he has been taking in the progress of the work, for valuable suggestions and helpful criticism, and for his going through the manuscript.

I am thankful to Dr. G. P. Sharma Ph.D. (Edin.), Ph. D. (Edin.), F.A.Z., F.I.A.Z., F.Z.S., F.Z.S.I., F.R.M.S., F.N.I., Professor and Head of the Department of Zoology for providing the necessary research facilities and for the constant encouragement throughout my stay in the Department.

My thanks are also due to the Director Indian Agricultural Research Institute for the permission to consult library; to Dr. A. D. Karve for translating German references and to Messrs. B. L. Gupta and T. S. Bedi for having taken the photomicrographs.
