To,

An appeal

Sir / Madam,

The poor performance of Indians in the international sports competition became a national concern. As you all aware that the country’s achievements in the international sports competition is a pride of that nation and every nation will strive hard to achieve this proud privilege. Sports competitions are the best means to show the superiority of a nation over the other nations.

Most of the advanced countries in sports have sports schools and club system in their country, which could be one of the contributing factors to their sports excellence, in our country the sports school is not prominent and this could be one of the draw back in our sports development system.

The research scholar felt that this is one of the most important need of the present hour to study the organizational set-up of sports schools functioning in all the states of southern India. Sports schools play a vital role in nurturing the sports talents and sports schools should be the nursery for developing young sports talents. Sports school system is essential for the systematic and scientific sports training for children considering their physical growth and development. Whereas considering these facts
