ACKNOWLEDGMENT

At the outset, I thank the almighty for having extended his choicest blessings by providing all the required resources, an able and amicable doctoral guide, good environment and a set of affable persons, to carry out this research work successfully.

This dissertation is a milestone in my academic career. I have been given a good fortunate learn theories and concepts which would have been impossible if I had not extensively carried out the needed research.

I would like to express my grateful and sincere thanks to my supervisor Dr. K. Nirmala Associate Professor, Department of Computer Science, Quaid-E-Millath Govt. College for Women, Chennai for her continuous support, patience, useful comments, remarks, motivation, enthusiasm, encouragement and immense knowledge for the successful guidance of my P.hD. study research work.

Further I would like to thank Dr. K. Nirmala for providing me with innovative scope in the area of research and introducing the topic and enhancing the progressive methodologies with her thoughtfulness, diligence and support throughout the period of my research study and for her able assistance in completing this research work successfully.

I would like to acknowledge with much appreciation to Prof. Dr Ganesan, Director, Research and Development Centre, and Vice-Chancellor of Bharathiar University, Coimbatore for their continuous motivation and encouragement. I would also thank Dr. T. Devi, Associate Professor & Head, and
all the staff members of Department of Computer Applications, Bharathiar University, Coimbatire, for their valuable thoughts, help and support rendered during the period of research work. I record my deepest thanks to my doctoral committee members for their valuable suggestions, guidance, and constant inspiration which was really motivating to complete the research work.

Apart from that the effort of my work, the success of my work depends largely on the encouragement and guidance of many others.

Furthermore I would also like to thank the Managing Director, Square brothers Info Tech Pvt. Ltd., Chennai, who gave me permission to use their laboratory and necessary materials to implement my work. I have to appreciate the guidance and advice given by friends and other supervisors who have helped me in all my work to complete this work successfully.

I would also to thank Dr. V. Veerabathran , Principal, L.N. Govt. College, Ponneri for his valuable advice and guidance through various situations, allowing me to reach and accomplish my Ph.D work. I am specially thanks my Head, colleague, & staff members of Department of Computer Science, ponneri who throughout my educational career have supported and encouraged me to believe in my abilities to reach this dissertation accomplishment.

I would also like to thank my beloved parents, family members for always supporting, helping and encouraging me with their best wishes for my entire study.
Finally and most importantly I would like to thank my wife Mrs. S. Subha Vani, daughter N. Hansika Vardini and my son N. Srijith Vignan for supporting, encouraging and cheering me up and stood with me throughout the good and bad times to peruse this doctoral degree.
