ACKNOWLEDGEMENT

At the outset, I bow my head before the God Almighty for providing me this opportunity and granting me the capability to proceed successfully.

First of all, I am indebted to Dr. C. S. Tharadevi, Professor & Head, Department of Advanced Zoology and Biotechnology, Sree Ayyappa College for Women, Chunkankadai- 629 807, for her inspiring guidance, support and encouragement throughout the period of my research. She had been very kind and patient during my studies and the preparation of this manuscript.

I wish to extend my heartfelt thanks to my joint supervisor Dr. Indira Vincent, Professor, Department of Zoology, Presidency College, Chepauk, Chennai-600 005, for the continuous support and motivation throughout the research.

I express my deep sense of gratitude to Dr. K. Valivittan, Professor and Head, Department of Biotechnology, St. Peter’s University, Avadi, Chennai-600 054, for his encouragement, valuable suggestions, constructive criticism and extensive discussions throughout the study.

I owe my sincere thanks to Dr. B. Meena, Professor, Department of Zoology, Presidency College, Chepauk, Chennai-600 005, for supporting me to move ahead with this work.

I express my gratitude to The Management, Registrar, Dean, Controller of Examinations and Sri. Prem Kumar, St. Peter’s University, Avadi, for their guidance and motivation during the course of my research.
I sincerely acknowledge the help rendered by the teaching and non-teaching staff of Department of Zoology, Presidency College for their generous help in various ways to complete my work.

My special thanks to Sri. Ravikumar, Presidency College, for his help in the preparation of the map of the sampling sites.

My sincere thanks to Sri. Siva Ganesh, for his help in the collection of tannery effluent samples; TWAD Board staff, for helping me to analyse the physico-chemical properties of tannery effluent and Dr. Siva Kumar, Karpga Vinayaga College, for helping me to do the statistical analysis of my data.

I express my sincere thanks to Dr. Udaya Prakash and Dr. Bhuvaneswari of MARINA LABS, Dr. Sankaran of Presidency College, Dr. Muralidharan of Vivekananda College, Dr. Deepa C Philip of Annai Violet College, Dr. S. Lekha of Queen Mary’s College, for their valuable suggestions and support throughout my work.

I owe my deep sense of gratitude to Dr. Sam Manohar Das and Dr. Godwin Wesley, Scott Christian College, Nagercoil, for their continuous support and guidance to complete this thesis.

In particular, I am grateful to Dr. Rose, Dr. Gnanamani, Dr. Mani and Sri. Aravazhi, Sri. Vijaya Kumar, CLRI, for enlightening me with the first glance of research.

I am deeply indebted to the Secretary, Eductional Officer, Academic Advisor, and Academic coordinator of Vivekananda Educational Society and the Correspondent, Asst. Correspondent, Principal, Vice Principal, in-charges, Management, colleagues and non teaching staff of G K Shetty Vivekananda
Vidyalaya Junior College, Ambattur, for encouraging me during the course of my study.

I would like to thank the staff of Rahul Enterprises for the entire computer work, of this thesis and for their valuable support even in late nights and early mornings.

Last but not the least, I would like to pay high regards to my mother Smt. P. Syamala Kumari, husband Sri. C. Rajasekaran, son Selvan. R. D. Aaditya, brother, sisters and in-laws, for their love, care, prayers and moral support, sincere encouragement and inspiration throughout my research work and lifting me uphill this phase of life. I owe everything to them.

This thesis has been completed with the support and encouragement of numerous people including my doctoral committee members, well wishers, friends, colleagues and various institutions. Besides this, several people have knowingly and unknowingly helped me in the successful completion of this project. It is a pleasant task to express my thanks to all those who contributed in many ways to the success of this study and made it an unforgettable experience for me.

S. DEEPA
