ACKNOWLEDGEMENTS

Investigations with this study were carried out in Plant Biotechnology Unit, Annexe-Department of Botany, Bangalore University, Bangalore. The satisfaction and euphoria that accompany the successful completion of this task would be incomplete without mentioning of the people who made it possible, whose constant encouragement crowned my efforts with success. I would like to offer my special gratitude and thank the following persons in particular.

I have an immense pleasure in expressing my deep sense of gratitude and indebtedness to my guide Dr. M.C. Gayatri, Ph.D., FSCG., Professor of Botany, Plant Biotechnology Unit, Annexe-Department of Botany, Bangalore University, Bangalore for suggesting this problem and for her keen interest, valuable guidance, encouragement, personal warmth and generosity that she has bestowed upon me throughout the course of this investigation.

I am immensely thankful to the Department of Science and Technology (DST), Ministry of Science and Technology, Government of India, New Delhi, for the financial support provided to me.

I wish to express my sincere gratitude to Dr. H.M. Revanasiddaiah, Ph.D., D.Sc., Professor, Department of Zoology, Bangalore University, Bangalore, for his constant support, timely help, critical reading of the manuscript, constructive criticisms, valuable suggestions and advice throughout the course of this investigation.

I am grateful to all the faculty members in the Department of Botany, Bangalore University, Bangalore, for their co-operation rendered throughout the course of this study.

I wish to express my sincere thanks to Dr. Vidyaa, Dr. Kiran, Dr. Kavyashree, Dr. Sureshkumar, Mr. Dhananjaya, S.P.,
Ms. Madhu, M., Mr. Muniyappa, K. and all other colleagues in the Department of Botany, Bangalore University, Bangalore for their assistance throughout the course of my research work.

I am profoundly indebted to my beloved mother and father, who are the inspiring force behind me and above all, their blessings at every step of my life.

I remain ever grateful to my parents-in-law for their patience, warmth and moral support during the course of this study.

It is my pleasure to extend thanks for constant encouragement provided by my brother Mr. Veera Pulikesi, V; sister Mrs. Priyadarshini, V; sisters-in-law Mrs. Rajashree, R and Ms. Nalini, S; brothers-in-law Mr. Prabhakar, K. N and Mr. Kishore Kumar, S.

I take this opportunity to thank all my friends for their good wishes especially Mrs. Vanishree, N., Mrs. Shwetha, S. Mrs. Mokshatara, Mrs. Prema, S and Mrs. Jayashree, P.

I am indebted and would be wrong if I do not express my profound gratefulness to my husband Mr. Jayaprakash, S., who is the stimulative strength behind me. I am very much obliged to him for his enduring patience, heartedness, constant encouragement, warmth, love, sacrifice, indispensable assistance, support, and for providing the blissful domestic milieu throughout my academic career. The course would not have been possible without the painful efforts taken by him during the completion of the thesis.

Above all with reverence, I salute the Almighty, for the choicest blessings and his constant grace on me at every stage of my life.

ROOPA DARSHINI, V.
