LIST OF TABLES

01. Table 2.1.1: Trends in cocoon production - across countries (in tonnes).

02. Table 2.1.2: Trends in rawsilk production - across countries (in tonnes).

03. Table 2.2.3: Sericulture progress at a glance (All India)

04. Table 2.2.4: Share of foreign exchange earnings from sericulture industry with that of India's total export earnings.

05. Table 2.3.5: Sericulture progress at a glance (AP).

06. Table 2.4.6: Percentage share of mulberry area in Anantapur district with that of state (in acres)

07. Table 2.4.7: Growth rates of CB DFLs, produced in Anantapur District with reference to state (in lakh nos.)

08. Table 2.4.8: Percentage share of private CB DFLs production compared to the government (in lakh nos.).

09. Table 2.4.9: Percentage share of cocoons and rawsilk produced in the district to the state (in lakh kgs.).

10. Table 2.5.10: Average area under mulberry cultivation in Anantapur district - across divisions (acres).

11. Table 2.5.11: Division-wise average production of reeling cocoons in Anantapur district (in lakh kgs.).

12. Table 2.5.12: Division-wise average brushings of CB DFLs (in lakh nos.)

13. Table 2.5.13: Comparative statement showing the annual average prices of cocoons - across divisions (in Rs.).

14. Table 2.5.14: Percentage share of sericulture infrastructure of the district to the state (1996-97).
15. Table 2.6.15: Statement showing the scheme-wise financial expenditure under sericulture sector in Anantapur district (Rs. in lakhs).

16. Table 2.6.16: Financial allocation and expenditure for sericulture development in Anantapur under DPAP (Rs. in lakhs).

17. Table 2.6.17: Financial allotment for sericulture under Special Component Plan in Anantapur district (Rs. in lakhs).

18. Table 2.6.18: Beneficiaries covered and the amount of subsidy for sericulture under IRDP in Anantapur district.

19. Table 2.6.19: Allocation and expenditure of funds under SC Action Plan for sericulture development in Anantapur district (Rs. in lakhs).

20. Table 2.6.20: Allotment of funds under plan schemes for sericulture in 1995-96 (Rs. in lakhs).

22. Table 2.6.22: Performance of agricultural crops vis-a-vis mulberry/sericulture (in acres).

23. Table 2.6.23: Percentage share of marginal and small farmers vis-a-vis large farmers in AP (in nos.).

24. Table 2.6.24: Percentage share of marginal and small farmers vis-a-vis large farmers in Anantapur.

25. Table 3.4.1: Important socio-economic indicators of Anantapur district.

26. Table 3.8.1: Socio economic parameters of the two mandals.

27. Table 3.8.2: The status of sericulture in the two mandals (1996-97).

28. Table 3.8.3: Households selected from the sample villages.

29. Table 3.8.4: Demographic and literacy characteristics of farm households.
30. Table 3.8.5: Land distribution and occupational structure of population (in per cent).
31. Table 3.8.6: Land owned and operated by farm households (in acres).
32. Table 3.8.7: Land distribution across categories and crops (in acres).
33. Table 3.8.8: Percentage of area under mulberry - class-wise and mandal-wise.
34. Table 3.8.9: Asset distribution by size classes.
35. Table 3.9.10: Particulars of borrowings by farm households.
36. Table 4.3.1: Percentage of households reporting various diseases.
37. Table 4.3.2: Actual percentage of crops get affected by the silkworm diseases.
38. Table 4.3.3: Percentage distribution of households by remedies mentioned for different size classes.
39. Table 4.4.4: Percentage distribution of households owning different types of rearing space.
40. Table 4.4.5: The type of silkworm rearing shed and yield levels (kg.).
41. Table 4.4.6: Distribution of rearing equipments and their unit cost.
42. Table 4.4.7: Mountages owned and required per acre of mulberry garden.
43. Table 4.5.8: Average no. of crops grown for each operational holding in a year.
44. Table 4.5.9: Average land cultivated under each crop (in acres).
45. Table 4.5.10: Estimated total number of DFLs brushed per acre/year.
46. Table 4.5.11: Average yield (kg) of cocoon per 100 DFLs.
47. Table 4.5.12: Season-wise yield rate (kg) of cocoon per 100 DFLs of each farm category.
48. Table 4.5.13: Distribution of cocoon production per acre for different operational holdings.
49. Table 4.5.14: Cost of mulberry establishment (in Rs.).
50. Table 4.5.15: Cost of mulberry maintenance (in Rs.).

51. Table 4.5.16: Cost of silkworm rearing (in Rs.).

52. Table 4.5.17: Cost of mulberry establishment, maintenance and silk worm rearing per acre (in Rs.).

53. Table 4.5.18: Production details of other crops.

54. Table 4.6.19: Quantity of nutrients and pesticides applied for agricultural crops (per acre) PARIGI MANDAL.

55. Table 4.6.20: Quantity of nutrients and pesticides applied for agricultural crops (per acre) LEPAKSHI MANDAL.

56. Table 4.6.21: Cost per acre of agricultural crops (Cost 'A-1') PARIGI MANDAL.

57. Table 4.6.22: Cost per acre of agricultural crops (Cost 'A-1') LEPAKSHI MANDAL.

58. Table 4.6.23: Cost per acre of agricultural crops (Cost 'B' and 'C') PARIGI MANDAL.

59. Table 4.6.24: Cost per acre of agricultural crops (Cost 'B' and 'C') LEPAKSHI MANDAL.

60. Table 4.6.25: Cost of cultivation of agricultural crops per acre (in Rs.).

61. Table 4.5.26: Cost of cultivation of all crops - Cost 'A-1' (in Rs.).

62. Table 4.6.27: Cost of cultivation of all crops - Cost 'B' (in Rs.).

63. Table 4.6.28: Cost of cultivation of all crops Cost 'C' (in Rs.)

64. Table 4.6.29: Per acre gross income by crops and size classes.

65. Table 4.6.30: Farm Business Income per crop: Gross Income - Cost 'A-1' (in Rs.).

66. Table 4.6.31: Family Labour Income per acre: Gross Income - Cost 'B' (in Rs.).

67. Table 4.6.32: Net Income per acre: Gross Income - cost 'C' (in Rs.).

68. Table 5.2.1: Average labour input in mulberry establishment (man days per acre).
69. Table 5.3.2: Average annual bullock labour use for mulberry establishment (per acre).

70. Table 5.4.3: Average annual tractor use for mulberry cultivation (per acre in hours).

71. Table 5.5.4: Per acre labour use in mulberry maintenance (man-days).

72. Table 5.6.5: Annual bullock labour days used to maintain the mulberry garden (per acre).

73. Table 5.7.6: Per acre labour input for silkworm rearing (man days).

74. Table 5.7.7: Total labour use for all sericultural activities (in man days).

75. Table 5.8.8: Total women labour use in sericulture per acre/year (in man days).

76. Table 5.9.9: Per acre annual employment generation across crops (in PARIGI MANDAL).

77. Table 5.9.10 Per acre annual employment generation - across crops (in LEPAKSHI).

78. Table 5.9.11 Per acre bullock and tractor use in agriculture.

79. Table 6.1.1: Cumulative growth of sericulturists over a period of time.

80. Table 6.2.2: Per household annual income from various sources (Farm Business Income).

81. Table 6.2.3: Per household annual Net Income.

82. Table 6.3.4: Per household distribution of milch animals between two different periods of time.

83. Table 6.3.5: A detailed account of expenditure incurred towards dairying.

84. Table 6.3.6: Per household gross expenditure and net returns of dairying.

85. Table 6.4.7: Average household expenditure at 1981-82 prices (PARIGI MANDAL).

86. Table 6.4.8: Average household expenditure at 1981-82 prices (LEPAKSHI MANDAL).

87. Table 6.5.9: Per household distribution of livestock during 1980-81 and 1995-96.
88. Table 6.5.10: Distribution of livestock (two different time periods).

89. Table 6.5.11: Percentage of households to total households owning farm implements.

90. Table 6.5.12: Per household value of farm implements for two different period of time.

91. Table 6.5.13: Per household asset value across the communities.

92. Table 6.5.14: The percentage of households to total households owning consumer durables across communities.

93. Table 6.5.15: Percentage of households to total households owning consumer durables.
