CERTIFICATE

This is to certify that the thesis entitled “**Phenotypic and molecular characterization of selected Indian maize landraces/locals and allele mining for *teosinte branched-1* gene in maize**” is a record of bonafide research carried out by **Ms. Lata Sharma**, under our guidance and supervision and that no part of this thesis has been submitted for any other degree or diploma. Ms. Lata Sharma has worked under our supervision for a minimum period of 24 months from the date of her enrollment in the University.

The assistance and help received during the course of this investigation has been duly acknowledged.
