ACKNOWLEDGMENT

I am indebted to Dr. (Mrs.) Malavika Kapur for supervising my work and offering valuable advice at every step.

I am very grateful to Dr. G.G. Prabhu, Professor and Head of the Department of Clinical Psychology, National Institute of Mental Health and Neuro-Sciences, Bangalore for his constant encouragement in my present project.

My gratitude is also due to Dr. H.N. Murthy, former Professor and Head of the Department of Clinical Psychology, National Institute of Mental Health and Neuro-Sciences, Bangalore for his continued interest in the study.

I am thankful to Dr. G.N. Narayana Reddy, Director, National Institute of Mental Health and Neuro-Sciences, Bangalore, and Dr. S.M. Channabasavanna, Professor of Psychiatry, National Institute of Mental Health and Neuro-Sciences, Bangalore for providing facilities for the study.

I also express my sincere thanks to Dr. R.M. Varma, former Director, NIMHANS, Bangalore for evincing keen interest in the study.
I owe my thanks to Mr. V.G. Kaliaperumal, Associate Professor, Department of Biostatistics, and Mr. Shivaji Rao also of the same Department for their valuable assistance in carrying out statistical analysis.

My thanks are also due to all those who volunteered to be my subjects in the investigation. Finally I thank Mr. B.N. Shankarappa for his elegant typing.
