CONTENTS

Notations and Abbreviations

Chapter 1: GENERAL INTRODUCTION

1.1 Before We Begin 1
1.2 Scope of the Work 2
1.3 Layout of the Dissertation 2

Chapter 2: KEY REFERENCES

2.1 Classical Work 5
2.2 Other Works 6

Chapter 3: GENERALIZED MIDZUNO-SEN DESIGN

3.1 Introduction 9
3.2 The Generalized Midzuno-Sen Design 10
3.3 Variance Reduction Through Revision of Initial Probabilities 13
3.4 Variate Transformations 15
3.5 Variance Estimation 20
3.6 Choice of k 23
3.7 Conclusion 24

Chapter 4: AN ALTERNATIVE ESTIMATOR UNDER GMS DESIGNS

4.1 Introduction and Summary 27
4.2 The Estimator 28
4.3 Sampling Variance 29
4.4 Choice of w 32
4.5 Variance Estimation 33
4.6 Conclusion 34
Chapter 5: EXTENSION OF UPSWOR BY PPSWR DESIGN

5.1 The Problem 36
5.2 Extended Designs 38
5.3 An Extended Design with Two Strategies 40
5.4 Comparison with Raj Strategy 41
5.5 Sampling Variances 42
5.6 Choice of Weights 45
5.7 Variance Estimation 45
5.8 Efficiency of the Strategies 46
5.9 Determination of Sample Size 54
5.10 Discussion 54
Appendix 58

Chapter 6: EXTENDED DESIGN: A TOOL FOR VARIANCE ESTIMATION IN SYSTEMATIC SAMPLING

6.1 Systematic Sampling 60
6.2 Extension of Systematic Sampling 61
6.3 Proposed Estimator 61
6.4 Variance Estimation 64
6.5 Numerical Comparisons 65
6.6 Conclusion 66

Chapter 7: USE OF RANKS IN PPS SAMPLING

7.1 Ranks as Auxiliary Information 68
7.2 Sampling Procedures 69
7.3 IPPS Schemes (with n=2) 71
7.4 Case of n>2: Schemes 3 and 4 72
7.5 Variance Estimation: Schemes 3 and 4 77
7.6 Numerical Comparisons 77
7.7 Stratification 79
7.8 Discussion 81
Chapter 8: COMBINING UNBIASED ESTIMATORS

8.1 Multiple Estimates 83
8.2 The Set-Up 84
8.3 Estimation of $V(t_w)$ 87
8.4 A Fresh Approach to Variance Estimation 87
8.5 Proposed Method 91
8.6 Formation of Groups 92
8.7 Discussion 93

Chapter 9: UPS METHODS IN HIERARCHICAL POPULATIONS

9.1 Size Measure in UPS 95
9.2 The Problem 96
9.3 Sampling Schemes 97
9.4 Numerical Comparison of the Methods 100
9.5 Determining Sampling Units 102
9.6 Multi-Stage Sampling 104
9.7 Discussion 106

Chapter 10: SCOPE FOR FURTHER WORK

10.1 In Retrospect 108
10.2 Framework of the Dissertation 109
10.3 In Prospect 110
