## CONTENTS

### CHAPTER 1
Introduction

1.1 Estuarine environment ........................................ 1
  1.1.1 Cochin backwaters ........................................... 2
1.2 Benthos .......................................................... 4
  1.2.1 Definition and factors affecting benthos ................. 5
  1.2.2 Role in estuaries .............................................. 6
  1.2.3 Food and feeding ............................................. 7
  1.2.4 Benthic productivity ......................................... 7
  1.2.5 Ecological importance ....................................... 8
  1.2.6 Economic importance ....................................... 9
  1.2.7 Benthos and estuarine pollution ........................... 10
1.3 Review of literature ............................................ 11
1.4 Scope and purpose of study .................................... 11

### CHAPTER 2
Materials and Methods

2.1 Sampling location ............................................... 14
2.2 Sampling methodology ......................................... 14
2.3 Analytical methods ............................................. 16
2.4 Statistical methods ............................................. 20

### CHAPTER 3
Spatial variation and abundance of macrobenthic fauna in the Cochin estuary

3.1 Sampling location ............................................... 21
3.2 Sampling period ................................................ 22
3.3 Results .......................................................... 22
  3.3.1 Hydrography ................................................. 22
  3.3.2 Sediment characteristics ................................... 34
3.3.3 Benthic density and biomass 36
3.3.4 Faunal composition and community structure 37
3.3.5 Statistical analysis 44
3.4 Discussion 48

CHAPTER 4
Impact of organic enrichment on macrobenthic community in the Cochin Estuary

4.1 Introduction 66
4.2 Study area and sampling period 68
4.3 Results 69
4.3.1 Hydrography 69
4.3.2 TOC,TN distribution and Sediment texture 72
4.3.3 Macrobenthic community 73
4.3.4 Statistical Analysis 75
4.4 Discussion 76

CHAPTER 5
Seasonal variability of macrobenthic species abundance in a tropical estuary (Cochin backwaters-India)

5.1 Introduction 84
5.2 Sampling period 85
5.3 Results 85
5.3.1 Hydrography 85
5.3.2 Sediment characteristics 92
5.3.3 Benthic density and biomass 93
5.3.4 Faunal composition and community structure 94
5.3.5 Statistical Analysis 96
5.4 Discussion 99
