ACKNOWLEDGEMENTS

It is with a profound sense of gratitude to God that I acknowledge with sincere thanks my indebtedness to my beloved teacher and guide Dr. G. Aruldhas, who despite of his busy schedule as the Dean of Science, University of Kerala; Director, University Institute of Technology and Professor Emeritus, Regional Research Laboratory; set apart a lot of his valuable time for discussion, guidance and correction. I consider it a rare privilege to have got a person of the calibre of Dr. Aruldhas as my guide.

I sincerely thank Dr. Devanarayanan, Head of the Department of Physics, University of Kerala for providing me with the facilities to carry out my research work. I place on record my thanks to the Director, Indian Institute of Technology, Madras and Dr. Kanakavelu, Vikram Sarabhai Space Centre, Trivandrum for extending the facilities at their Institutes to record the Raman and FT-IR Spectra. A word of deep gratitude is due to Rev. Dr. George Varghese Poovathoor, Chicago, U.S.A. for getting me the chemicals needed for my work.

The lively and meaningful discussions that I had with Dr. V.S. Jayakumar, Dr. Daisy Philip and Dr. Sunila Jomon were of great help in my work. I also remember with gratitude the encouragement and assistance given by my colleagues in the Department of Physics, Mar Ivanios College, Trivandrum.

The long hours spent by Dr. I. Hubert Joe, with me in recording the spectra and correcting the manuscript was of immense practical help. Let me place on record my sincere thanks for the help he rendered in abundance.

Prof. P.T. Philip, through his 'Compu-Print' did a wonderful job in neatly typing the thesis. My deep sense of appreciation and thanks are due to him.

And finally with affectionate gratitude I thank my family, especially my wife and daughter, who have been and are my strength in all my endeavours.

ANTONY EAPEN
