LIST OF TABLES

Table

3.1 Showing the Mean Age and SD for Stage I Sample. 42
3.2 Shows the Sample Description. 46
3.3 Summary of the Intervention Programme. 65
4.1 Shows the results of the Multiple Regression for the Total Sample. 69
4.2 Shows the correlation co-efficient for all the variables with Reading Scores. 71
4.3 Shows the ‘t’ Value for the Independent group:
(Experimental Vs Control) on Pre-assessment Reading Ability. 75
4.4 Shows the ‘t’ value for the Independent group:
(Experimental Vs Control) on Post-assessment Reading Ability. 76
4.5 Shows the ‘t’ value for paired ‘t’ test for Experimental group-Pre-assessment and post-assessment Reading. 77
4.6 Shows the ‘t’ value for paired ‘t’ test for control group-Pre-assessment and Post-assessment Reading. 77
4.7 Shows the ‘t’ value for Reading Scores for semi-urban and Rural children. 78
4.8  Shows the results of the Multiple Regression for the variables in the equation for semi-urban children.

4.9  Shows the results of the Multiple Regression for the variables for Rural children

4.10 Shows the ‘t’ value for Males and Females on Reading Ability.

4.11 Shows the results of the Multiple Regression for Females on Reading Ability.

4.12 Shows the results of the Multiple Regression for Males on Reading Ability.
