CONTENTS

Chapter I  Introduction 01

Chapter II  Preparation of Ternary Complexes of Copper (II) with different Amino Acids
1. Synthesis of Copper complexes 28
2. Elemental Analysis 29

Chapter III  Spectral Analysis, and Magnetic Properties of Ternary Complexes of Copper (II) with different Amino Acids
1. IR Spectra 33
2. Electronic Spectra 54
3. Magnetic Properties 69

Chapter IV  Thermal Studies of Ternary Complexes of Copper (II) with different Amino Acids
1. Thermal Decomposition 92
2. Kinetic Parameters 112
