

LIST OF FIGURES

CHAPTER 2

	Page No.
2.1 Oral cavities	20
2.2 Pharyngeal air mechanism	21
2.3 Oral air mechanism	22
2.4 Lungs, Bronchi, Bronchioles	23
2.5 Thorax, Rib Cage, Diaphragm	24
2.6 Organs of speech	26
2.7 The voice as a wind instrument	28
2.8 Voice generation involves lungs, pharynx, mouth and nose	29
2.9 Process of Voice generation	31
2.10 Each formant can be associated with a standing wave	33
2.11 Male voice has more formants	34
2.12 $F_1 - F_2$ Plane vowel distribution	34

CHAPTER 3

3.1 Thoracic contents resulting from contraction of the diaphragm	38
3.2 The inferior vena cava and abdominal aorta	40
3.3 Diagram illustrating the definition of a menstrual cycle	43
3.4 Relationship of ovulation to preceding, and following menstrual periods	43
3.5 Graph showing the morning temperature of women, on various days of the menstrual cycle	44
3.6 Path taken by sperm and ovum for fertilization	45
3.7 Relationship of blastocyst to uterine endometrium	45
3.8 Subdivision of decidua	46
3.9 Two stages in the formation of chorionic villi	46
3.10 Upper and lower uterine segments and their relationship to the placenta	48
3.11 Relationship of amniotic cavity, extraembryonic coelom and uterine cavity	50

	Page No.
3.12 Relationship of amniotic cavity and uterine cavity after obliteration of extraembryonic coelom	51
3.13 Amniotic cavity after obliteration of extraembryonic coelom and uterine cavity	52
3.14 Embryo of first four weeks	54
3.15 Embryo of 5–8 weeks	55
3.16 Foetus of 9–12 weeks	55
3.17 Foetus of 13–17 weeks	55
3.18 Foetus of 18–22 weeks	56
3.19 Baby of 23–26 weeks	56
3.20 Baby of 27–30 weeks	56
3.21 Baby of 31–34 weeks	57
3.22 Baby of 35–38 weeks	57
3.23 Measurement of C.R. length	58

CHAPTER 4

4.1 Speech production system	63
4.2 Graphical representation of the three basic elements in Electrical, Mechanical rectilinear and Acoustical system	67
4.3 Sectional view of a vibrating system approximating the larynx.	68
4.4 Schematic sectional view and the acoustical network of the vocal cavities	69
4.5 Wave shapes of the output of the vocal cords and the mouth and nose for the vowel sound	70
4.6 The vocal tract as an acoustic device	72
4.7 Equivalent electric four terminal network of the vocal tract	73
4.8 Twin tube resonator seen as a single resultant network	74
4.9 Equivalent mechanical spring-mass dashpot system of womb (at any stage of pregnancy)	74
4.10 Mechanical circuit diagram of womb	75
4.11 Electrical circuit diagram of womb	76
4.12 The throat considered as a source of sinusoidal vibrations	78
4.13 Frequency response curve of phonetic segmental	79

CHAPTER 5

	Page No.
5.1 Time domain representation of 'च'	85

CHAPTER 6

6.1 Uterine glands at various phases of the menstrual cycle	113
6.2 Change in body weight during pregnancy	146
6.3 The level of fundus, uteri at different weeks	155
6.4 Unit-impulse response curves of the system under consideration	222
6.5 Time-response curve of the system under consideration	222
6.6 Frequency-response (Bode plot) of system under consideration	224
6.7 Variation of Z_o' at F_1 with development of pregnancy	225

APPENDIX

A Active band pass filter circuit	249
B Input for analysis purposes	251
C Frequency measurement	252
D Amplitude measurement	253
E Time duration measurement	254

LIST OF TABLES

CHAPTER 3

	Page No.
3.1 Principal events of embryonic and foetus development	54

CHAPTER 4

4.1 Force (Torque)–current analogy	75
------------------------------------	----

CHAPTER 6

6.1 Average peak frequency (Hz) of non-pregnant ladies	91
6.2 Peak frequency (Hz) of 'अ' for pregnant ladies	101
6.3 Peak frequency (Hz) of 'ऐ' for pregnant ladies	101
6.4 Peak frequency (Hz) of 'क' for pregnant ladies	102
6.5 Peak frequency (Hz) of 'च' for pregnant ladies	102
6.6 Peak frequency (Hz) of 'ट' for pregnant ladies	103
6.7 Peak frequency (Hz) of 'ब' for pregnant ladies	103
6.8 Peak frequency (Hz) of 'र' for pregnant ladies	104
6.9 Average peak frequency (Hz) for pregnant ladies	104
6.10 Average formant frequency (Hz) of non-pregnant ladies	115
6.11 First formant frequency of 'अ' (F_1) for pregnant ladies	130
6.12 Second formant frequency of 'अ' (F_2) for pregnant ladies	130
6.13 Third formant frequency of 'अ' (F_3) for pregnant ladies	131
6.14 Fourth formant frequency of 'अ' (F_4) for pregnant ladies	131
6.15 First formant frequency of 'च' (F_1) for pregnant ladies	132
6.16 Second formant frequency of 'च' (F_2) for pregnant ladies	132
6.17 Third formant frequency of 'च' (F_3) for pregnant ladies	133
6.18 Fourth formant frequency of 'च' (F_4) for pregnant ladies	133

	Page No.
6.19–6.22	
Average formant frequency (Hz) of pregnant ladies	134-137
6.23–6.30	
Sex determination of foetus by F_1/F_2 ratio	151-154
6.31 Average formant amplitude (volt.) of non-pregnant ladies	163
6.32 First formant amplitude (volt.) of 'उर' (A_1) for pregnant ladies	172
6.33 Second formant amplitude (volt.) of 'उर' (A_2) for pregnant ladies	172
6.34 Third formant amplitude (volt.) of 'उर' (A_3) for pregnant ladies	173
6.35 Fourth formant amplitude (volt.) of 'उर' (A_4) for pregnant ladies	173
6.36 First formant amplitude (volt.) of 'च' (A_1) for pregnant ladies	174
6.37 Second formant amplitude (volt.) of 'च' (A_2) for pregnant ladies	174
6.38 Third formant amplitude (volt.) of 'च' (A_3) for pregnant ladies	175
6.39 Fourth formant amplitude (volt.) of 'च' (A_4) for pregnant ladies	175
6.40–6.43	
Average formant amplitude (volt.) of pregnant ladies	176-179
6.44 Average time duration (sec.) of non-pregnant ladies	196
6.45 Time duration (sec.) of 'उर' for pregnant ladies	205
6.46 Time duration (sec.) of 'ऐ' for pregnant ladies	205
6.47 Time duration (sec.) of 'क' for pregnant ladies	206
6.48 Time duration (sec.) of 'च' for pregnant ladies	206
6.49 Time duration (sec.) of 'ट' for pregnant ladies	207
6.50 Time duration (sec.) of 'ख' for pregnant ladies	207
6.51 Time duration (sec.) of 'र' for pregnant ladies	208
6.52 Average time duration (sec.) of pregnant ladies	208
6.53 Average formant amplitude (volt.) and formant frequency (Hz) of 'च' for pregnant ladies	227
6.54 Calculated model parameters using 'च'	225
6.55 Average formant frequency and formant amplitude for non-pregnant and pregnant ladies	228

LIST OF GRAPHS

CHAPTER 6		Page No.
6.1	Average peak frequency for menstrual cycle of 'अ'	92
6.2	Average peak frequency for menstrual cycle of 'ऐ'	93
6.3	Average peak frequency for menstrual cycle of 'क'	94
6.4	Average peak frequency for menstrual cycle of 'च'	95
6.5	Average peak frequency for menstrual cycle of 'ट'	96
6.6	Average peak frequency for menstrual cycle of 'ब'	97
6.7	Average peak frequency for menstrual cycle of 'र'	98
6.8	Average peak frequency of 'अ' for pregnant ladies	105
6.9	Average peak frequency of 'ऐ' for pregnant ladies	106
6.10	Average peak frequency of 'क' for pregnant ladies	107
6.11	Average peak frequency of 'च' for pregnant ladies	108
6.12	Average peak frequency of 'ट' for pregnant ladies	109
6.13	Average peak frequency of 'ब' for pregnant ladies	110
6.14	Average peak frequency of 'र' for pregnant ladies	111
6.15	Average first formant frequency (F_1) for menstrual cycle of 'अ'	116
6.16	Average second formant frequency (F_2) for menstrual cycle of 'ऐ'	117
6.17	Average third formant frequency (F_3) for menstrual cycle of 'क'	118
6.18	Average fourth formant frequency (F_4) for menstrual cycle of 'च'	119
6.19	Average first formant frequency (F_1) for menstrual cycle of 'ट'	120

6.20	Average second formant frequency (F_2) for menstrual cycle of 'ब'	121
6.21	Average third formant frequency (F_3) for menstrual cycle of 'र'	122
6.22	Average F_1/F_2 ratio for menstrual cycle of 'अ'	123
6.23	Average F_1/F_2 ratio for menstrual cycle of 'च'	124
6.24	Average F_1/F_3 ratio for menstrual cycle of 'अ'	125
6.25	Average F_1/F_3 ratio for menstrual cycle of 'च'	126
6.26	Average F_1/F_4 ratio for menstrual cycle of 'अ'	127
6.27	Average F_1/F_4 ratio for menstrual cycle of 'च'	128
6.28	Average first formant frequency (F_1) of 'अ' for pregnant ladies	138
6.29	Average second formant frequency (F_2) of 'ऐ' for pregnant ladies	139
6.30	Average third formant frequency (F_3) of 'क' for pregnant ladies	140
6.31	Average fourth formant frequency (F_4) of 'च' for pregnant ladies	141
6.32	Average first formant frequency (F_1) of 'ट' for pregnant ladies	142
6.33	Average second formant frequency (F_2) of 'ब' for pregnant ladies	143
6.34	Average third formant frequency (F_3) of 'र' for pregnant ladies	144
6.35	Average F_1/F_2 ratio of 'अ' for pregnant ladies	148
6.36	Average F_1/F_2 ratio of 'च' for pregnant ladies	149
6.37	Average F_1/F_2 ratio of 'र' for pregnant ladies	150
6.38	Average F_1/F_3 ratio of 'ट' for pregnant ladies	158
6.39	Average F_1/F_3 ratio of 'क' for pregnant ladies	159
6.40	Average F_1/F_4 ratio of 'ऐ' for pregnant ladies	160
6.41	Average F_1/F_4 ratio of 'ब' for pregnant ladies	161
6.42	Average first formant amplitude (A_1) for menstrual cycle of 'अ'	164
6.43	Average second formant amplitude (A_2) for menstrual cycle of 'ऐ'	165

6.44	Average third formant amplitude (A_3) for menstrual cycle of 'क'	166
6.45	Average fourth formant amplitude (A_4) for menstrual cycle of 'च'	167
6.46	Average first formant amplitude (A_1) for menstrual cycle of 'ट'	168
6.47	Average second formant amplitude (A_2) for menstrual cycle of 'ख'	169
6.48	Average third formant amplitude (A_3) for menstrual cycle of 'र'	170
6.49	Average first formant amplitude (A_1) of 'अ' for pregnant ladies	180
6.50	Average second formant amplitude (A_2) of 'ऐ' for pregnant ladies	181
6.51	Average third formant amplitude (A_3) of 'क' for pregnant ladies	182
6.52	Average fourth formant amplitude (A_4) of 'च' for pregnant ladies	183
6.53	Average first formant amplitude (A_1) of 'ट' for pregnant ladies	184
6.54	Average second formant amplitude (A_2) of 'ख' for pregnant ladies	185
6.55	Average third formant amplitude (A_3) of 'र' for pregnant ladies	186
6.56	Average A_1/A_2 ratio of 'अ' for pregnant ladies	188
6.57	Average A_1/A_4 ratio of 'ऐ' for pregnant ladies	189
6.58	Average A_1/A_3 ratio of 'क' for pregnant ladies	190
6.59	Average A_1/A_2 ratio of 'च' for pregnant ladies	191
6.60	Average A_1/A_3 ratio of 'ट' for pregnant ladies	192
6.61	Average A_1/A_4 ratio of 'ख' for pregnant ladies	193
6.62	Average A_1/A_2 ratio of 'र' for pregnant ladies	194
6.63	Average time duration for menstrual cycle of 'अ'	197
6.64	Average time duration for menstrual cycle of 'ऐ'	198
6.65	Average time duration for menstrual cycle of 'क'	199
6.66	Average time duration for menstrual cycle of 'च'	200

6.67	Average time duration for menstrual cycle of 'ट'	201
6.68	Average time duration for menstrual cycle of 'द'	202
6.69	Average time duration for menstrual cycle of 'र'	203
6.70	Average time duration of 'अ' for pregnant ladies	209
6.71	Average time duration of 'ऐ' for pregnant ladies	210
6.72	Average time duration of 'क' for pregnant ladies	211
6.73	Average time duration of 'च' for pregnant ladies	212
6.74	Average time duration of 'ट' for pregnant ladies	213
6.75	Average time duration of 'द' for pregnant ladies	214
6.76	Average time duration of 'र' for pregnant ladies	215
6.77	Average first formant energy (E_1) for menstrual cycle of 'अ'	217
6.78	Average first formant energy (E_1) of 'अ' for pregnant ladies	220
6.79	Average first formant amplitude (A_1) of 'च'	229
6.80 A	Average frequency-response 'च' (4th month)	230
6.80 B	Average frequency-response 'च' (8th month)	230
6.81	Average frequency-response of 'अ' (3rd month)	231
6.82	Average frequency-response of 'ऐ' (4th month)	232
6.83	Average frequency-response of 'क' (5th month)	233
6.84	Average frequency-response of 'च' (6th month)	234
6.85	Average frequency-response of 'ट' (7th month)	235
6.86	Average frequency-response of 'द' (8th month)	236
6.87	Average frequency-response of 'र' (9th month)	237

APPENDIX

A	Filter response (range-3dB) 3.8-8.5 kHz	250
---	---	-----
