ACKNOWLEDGEMENT

I, feel immense pleasure, to express my deep sense of gratitude to Dr. Vibhuti Rai, M.Sc., Ph.D., Reader, Department of Bioscience, Ravishankar University, Raipur (M.P.) for his invaluable guidance and encouragement during the course of this study.

I am grateful to Prof. S.S. Ali, Head, Department of Bioscience, Ravishankar University, Raipur, and Prof. S.M. Agarwal, Vice Chancellor, Ravishankar University, former Head, Department of Bioscience, Ravishankar University, Raipur for helpful suggestions and facilities extended to me during my research work.

I am also thankful to Dr. M.L. Naik and Dr. S.K. Mishra, who helped me when I needed it most during this work. I wish to offer my special thanks to Dr. A.K. Pati and Dr. R.K. Pradhan, for valuable advise, help and encouragement during the course of the present investigation.

My special thanks are due to my friends, Dr. Vimal Kumar Kanungo, Dr. Anand Kishore Agrawal, Mr. Hrishikesh Verma and Mr. Sunil Kumar Awadiya, for their willing co-operation during my research work.
I convey my sincere thanks to my research colleagues, Mrs. Rashmi Sao, Miss Elizabeth T. Mangatt and Miss Usha Kasibhatla, for their willing co-operation and help in my research work. I am also thankful to the other research fellows of the different laboratories in the department for their unreserved help.

Thanks are also extended to the supporting staff of Bioscience Department for their help.

I have no words to express the heartfelt gratitude towards my respected parents and wife Mrs. Sandhya Dhurandhar, whose affectionate love and encouragement, have always been a source of inspiration throughout the entire work. Lastly I am very much grateful to my brother Dr. Keshari Lal Verma for his useful suggestions, which encouraged me a lot during this study.
