Word of Gratitude

I express my profound gratitude and appreciate to the villagers of different Ward for providing me valuable information about the present political situation of Bagicha Gram Panchayat. I thank the Ward members of different Ward for sharing with me frankly their door-to-door political campaign. I am very grateful to Shri Chandra, the Patwari for providing me the maps and other important information of the village. Shri Rajesh Jain, the Congress worker and the member of Janpad Panchayat who gave the critical political evaluation of Bagicha Gram Panchayat, I owe him so much. Shri Manuel Tigga, the Secretary gave the data of the Gram Panchayat with the permission of Sarpanch, I express my gratitude to him. Smt Sarojini Tigga, the former Sarpanch who shared with me the marvelous work that she wrought in her tenure as a Sarpanch. She is a woman of courage she deserves my appreciation. Shri Prabhat Sidam, the present Sarpanch is a very dynamic person who has real interest in the development of Bagicha Panchayat. He shared with me his vision of development of the Gram Panchayat, I thank him so much.

The names worth mentioning is NGOs Shri. Vincent Toppo and his wife Smt. Monica Toppo who are doing marvelous work for the upliftment of the poor people of the area. They are helped by the International Fund for Agricultural Development (IFAD). I express my gratitude to the spouse for sharing with me their field of work. Dr. Baxla was accused of negligence in duty and suspended when some Korwas died after eating rotten patatos. He says boldly that he has committed no fault but this is a falls allegation made by the BJP. The BJPs accused him of link with former Chief Minister Shri. Ajit Jogi. I thank him for sharing his political harassment with me.

I am indebted to my beloved guide Dr. R.N. Mitra, the retired professor of Durga College. He was instrumental in the completion of my research paper. Though he is about 75 years old he was so enthusiastic to come with me to Bagicha to know the culture of the people and political situation of the area in order to guide me well. I am very grateful to Fr. John Bara who encouraged me to pursue my higher studies. I also thank Fr. Alois Kujur, Fr. Oscar Toppo and Fr. Habil Xasa who were great help to me. My special thanks to Fr. Oscar Toppo for accompanying me to different Wards while interviewing the people and helping me to collect the data. I also thank to those who were instrumental in my research work.
