Acknowledgement

Foremost I take the opportunity to express my profound sense of reverence and sincere gratitude to my supervisor Professor Dibakar Chandra Deka, HOD, Department of Chemistry, Gauhati University, Guwahati, for his component and inspiring guidance, ceaseless patience, valuable suggestions and constant encouragement throughout the course of investigation.

I also take the opportunity to thank Dr B.C. Goswami, Dr P.J. Das former HOD, Department of Chemistry, Gauhati University, for allowing me to carry out my works at the early stage and also for providing me all the necessary facilities which made it possible to carry my works.

I would like to offer my deepest appreciation to all the faculty members, Department of Chemistry, Gauhati University, for their constant encouragement and stimulating suggestions.

I am thankful to Dr Dinesh Ch. Deka, Associate Professor, Department of Botany, Birjhora Mahavidalya for providing me some samples and for the identification of the name of the vegetables.

I would like to express my sincere gratitude to Dr K.G Bhattacharyya, Professor, Department of Chemistry for allowing me to use atomic absorption spectrophotometer and flame photometer to take some data.

I am also very grateful to Prof. A. K. Handique, Professor, Department of Biotechnology, Gauhati University for giving me the opportunity to do some work on his laboratory.

I would like to thank all the laboratory and office staff of Department of Chemistry, Gauhati University for their help during my work.

I would like to acknowledge my entire lab mates specially Priyanka, Sukanya, Pankajda, Swarnali, Sanjay, Kajalda, Pranita, Anju, Monmi, Nitu, Subarna, Tiluttama, Moon Moon, Chakravarty sir, Neog sir for their sincere help and encourage during my research and maintaining a pleasant environment.
I would like to thank my friends specially Biswapran, Arun, Mayur, Subhasish, Lintanda, Ranjan, Kamal, Manas, Banani, Ruhul, Nayanjyoti, Rajib da, Bhupen, Sumit, Guddu, Palash for their help and cooperating during my work.

I am thankful to all other research scholar, Department of Chemistry, Gauhati University for their help and cooperation during my work.

I want to express my sincere gratitude to my colleague of Department of Chemistry, Tinsukia College, for their constant encouragement. Also I am thankful to Dr Bhuban Gogoi, Principal, Tinsukia College for his kind support to my research work.

I am grateful to Dr Nripendra Nath Talukdar, Associate professor, Department of Chemistry, Pub Kamrup College for his goodwill and help during my research work.

Special acknowledgement goes to UGC for providing me fellowship to carry my research work.

The inspiration and co-operation extended by my family members, especially by Ma is immense. I am grateful to my family for their support, love, help and encouragement.

Above all I would like to express my sincere thanks to Almighty God that holds and lead me in every step of the way.

Pankaj Saikia
