ACKNOWLEDGEMENT

My thesis submission marks the conclusion of a very important part of my life, and commencement of a new chapter in my book of life. Today, as I sit back and recall my journey of my Ph.D., I realize that I have reached here only because of contribution, support and well wishes of many people and I owe my gratitude to all of them. There is certainly a lot to share which would go beyond the appropriate scope of this section, but the chapter would definitely not have ended without the efforts & determination of a lot of people who were a constant source of inspiration & help.

I first express my deepest gratitude towards my supervisor, Dr. Shalini Rajkumar, for the endless support, constant guidance, regular motivation, continuous help, patience and strength she gave me. I am grateful to you Mam for the faith you had in me, for all your enlightening and motivational leadership, the inspiration you gave me and for never letting me down. I will always be thankful to you for the patience you showed me when I failed or went out of track and helping me getting to the right track to achieve my goal. I am most inspired by your knowledge and strength of self belief. I am motivated by your perspective of never giving up and always giving a better try every time to succeed. I still remember your words, “There are only two things in world that are omnipresent, one is GOD and another one is Microorganisms”. I am lucky to work under your guidance and had best chance to improve my language and learn so much Microbiology, Biochemistry and Biotechnology. There are endless things that I owe to you and hence I say, although my name is on the front page, but actually it’s your thesis Mam. Thank you Mam, Thanks a ton.

I am highly grateful Prof. Sarat Dalai, Director, Institute of Science for providing the all basic infrastructural facilities like the library, internet and other research system, as well as for developing a great work culture with a sense of team work in the department. I am thankful to him for always giving a chance to express our points and understanding our problems. I am grateful to you Sir for the immense support you gave to research at Institute of Science. I also thank you for always giving us time in your busiest schedules without appointments and last minute helps, permissions to work after lab hours for continuity of research and proving a driving force for the progress in our research. I thank all the faculty members of Institute of Science Dr. Amee Nair, Dr. Mili Das, Dr. Nasreen Munshi, Dr. Heena Dave, Dr. Shriram Seshadri, Dr. Sarika Sinha, Dr Sonal Bakshi, Dr Heena Dave and Dr Vijay Kothari for their support and encouragement.

Nirma University gave me best opportunity to grow and develop the researcher in me and find my strength to face and survive the competition with excellence. I am thankful to Nirma Education and Research Foundation (NERF) and all the support and research facility, and also for granting me the Ph.D. Scholarship for 3 years (2009-2012). I am thankful to Nirma University and all the respected office bearers for establishing a strong and growing educational environment. I thank all the Directors and Faculties of all the Departments for making Nirma University one of the best educational and academic institutions. I extend my gratitude to Council of Scientific and Industrial Research (CSIR)
for helping and supporting me financially with Senior Research fellowship (CSIR-SRF) award (2014)

I am so much indebted to Prof. G. Naresh Kumar that I cannot properly express my gratitude. I am thankful for considering and appointing me as a Ph.D. student at Institute of Science and showing us the path of PGPR. I am indebted for your knowledge, ideas, vision, support, faith, softness and calmness you showered on us. I look upon you as my second mentor and a belief that will never let us fail in your work. You have taught me so much Biochemistry and made me understand the Microbial world that surrounds us. You have always helped us in all our work and we were always sure that your doors are always open for us. The long discussions, suggestions and question hours at the Tea session of canteen are my most cherished memories and I will always remember them. Thank you Sir, thanks a lot. I also sincerely thank Dr. G Archana, Dr. Sonal Shah, Dr. Pravina Bhandari, Dr. Jitendra Wagh, Dr. Chanchal, Dr. Kavita, Archana Chaudhari, Ujwal Trivedi, Riddhi Pandya and the MMBL Lab, Department of Biochemistry, MS University of Baroda, for always being a helping hand a constant source of support, inspiration and information.

I extend my gratitude towards Dr. Rajababu Vyas, my RPC member for giving best workable ideas, knowledge and impactful points that have always showed me correct path for my work and made my work successful in every stage.

Thanks are due to Prof. Manjunath Ghatre, Director, Institute of Pharmacy and Dean, Faculty of Doctoral Studies and Research, Nirma University, for his support and contribution in carrying out research work. I also thank Prof. Ghatre and Dr. Preeti Mehta, for always allowing me to use UV-Visible Spectrophotometer at Sophisticated Analysis Lab, Institute of Pharmacy, and I also thank her PhD students Dr. Deepak Khatri, Dr. Omkar Sherikar and Lab assistant Satejbhai, Shreyasbhai for helping me in using the instrument and analysis work. I owe a lot of gratitude to Dr. Harshad Bhramabhatt, of Chemical Analysis laboratory, CSMCRI Bhavnagar and Dr. Bhavesh Kevadiya for HPLC analysis and result interpretations, which gave novelty to my work.

I thankfully acknowledge Dr. Lalita Poluru, Ms Swetal Shukla and Ms Jayshree Pandya for making the most resourceful library and never ending support for granting knowledge in all possible ways. I extend my thankfulness to office staff Mr Hasit Trivedi, Mr Parthivran, Mr Lalit Vyas for all sorts of clerical works and helping us in all types of official matters. I owe a lot of help from non teaching staff Mr. Sachin Prajapati, Mr. Rajendra Patel, Miss Shewta and Late Mr. Bharat Anand for the endless amount of favors, news, movies, materials helps never ending support and help at all times, I thank you all. Thanks to Rameshbhai, Ranjitbhai, Nareshbhai and other people for many big and small works and also maintaining the lab cleanliness and keeping it hygienic for microbial work. I also thank the Nirma University accounts and admin office staff members for helping us and handling all sorts of accounts and administrative works efficiently thereby minimizing our burden. My extended gratitude to the Ph.D. section of Nirma University, Dr A. S. Patel, Pressia Madam and Sachin Sir, for helping in all the Ph.D. related works, guidelines and support.
I delightfully acknowledge my dear and respected fellow and senior PhD scholars Dr. Rahul Jog, Dr. Harshita Choudhary, Dr. Bhavesh Kevadiya, Dr. Prasant Kumar Jena, Dr. Maharshi Pandya, Dr. Disha Trivedi, Ms Kaveri Purandhar, Dr. Deepak Khatri, Dr. Mohit Shah, Dr. Omkar Sherikar, Dr. Prerak Patel, Mr. Tejas Dadhaniya and Mr. Neeraj Sharma for making this journey a delighted, joyful and most memorable one full of fun, parties, gatherings and chilling moments. I thank them for the absolute help and genuine support in all professional and personal problems and being with me at my best and worst times. I thank them for understanding me and supporting me in all possible ways at all stages.

I special thanks to Dr. Rahul Jog “Rahulbhai” and Dr. Maharshi Pandya “Maharshibhai” for establishing the resourceful lab and helping me at every step of my work. I thank Maharshibhai for being my roommate for 5 years and taking care of me like an elder brother and always supporting me for everything. I thank Dr. Prasant Jena “Prasantbhai’ for the molecular biology helps and source of enthusiasm. A special vote of thanks to my dear junior PhD scholar Ms Bhagya Iyer “Anu” for the immense help and support she gave me in all my work and things with and extra effort for making best out of me. I thank her for all the care and support she gave me, for doing more than half my word, and directing me like a senior when I lost path or focus from work, and making me laugh and enjoy the work. I welcome and extend my gratitude towards the new inmates of our lab Krishna Bharwad and Ekta Joshi for their enthusiasm and determination in handling and helping my lab work and project works. I warmly extend my gratitude to my dear junior Ph.D scholars Hardik Patel, Palak Patel, Suhani Palkhiwala, Purvi Zaveri, Arpita Maheshwari, Arpan Bhatt, Rajesh Parmar, Manoj Patidar, Aditi Mathur, Fulesh Kunwar, Naveen Yadav, Bhumiaka Prajapati, Krupali Parmar, Parth Rajput, Madhvi Joshi, Shikha Tiwari, Nazia Saiyed, Vijay Mehta and Rushika Patel for the anytime undenied help, sharings, discussions, tapir teas, parties and canteen sessions they gave me with lots of respect and enthusiasm, making this a memorable and joyful journey. I also thank all the Ph.D. scholars for bearing my mood, temper and PJs at times. It was a pleasure to have research colleagues whose presence provided a stimulating & fun environment in which to learn & grow. I wish all of them a very best of luck and bright future.

I mention a thankfulness to my dear M.Sc. juniors Deepti, Reena, Sasha, Kanika, Abhishikha, Khushboo, Anusha, Arpan, Rajesh, Mukesh, Ankit, Sanjay, Hardik, Agarwal, Mandal, Pushpendra, Shreyansh, Noopur, Pooja, Charu, Rimanshu, Priyanka and my special students sisters Nikita Garg, Kinal Shah, Pooja Patel for making my stay in Nirma the most joyful and wonderful time of my life. I continue to thank my present and passed out hostel friends from M.Tech., M.Pharm., MCA, MBA, BALLB and LLM for the most sporty, fun filled and energetic hostel life with the most cherished memories that I will always miss.

I own extended gratitude to all my teachers Dr. Sonal Shah, Dr. Pravina Bhandari, Dr. Charmi Kothari, Dr Ramesh Kothari, Dr Padma Ambalam, Dr Jessay GD, Dr Jasmin, Dr Shivani Patel, Dr Neepa, Dr Deepak Parmar, Kunal Sir, Mayur Sir, Rajendra Wadalkar Sir, Mathur Madam, Kiran Madam and all my teachers of Christ College Rajkot, Virani Science College Rajkot, Kendriya Vidhyalaya Rajkot and Sunshine School Rajkot for the true knowledge of life, science and world, and shaping a student, a researcher in me. I can never
have enough words to thank all my teachers. But with a heart full of respect and gratitude, I thank you all.

I am tempted to individually thank all of my friends which, from my childhood until post-graduation, Shreyas Sagar, Ujwal Trivedi, Nirav Pandya, Tejas Oza, Pathan Shahnawaz Khan, Dhawal Joshi, Rajiv Shukla, Vishal Kothari, Samir Sagar, Naimish Marakna, Hemang Kanabar, Jayesh Langnecha, Akash Sakhesaria, Ashutosh Sharma, Dewang Joshi, Varsha Songara, Shilpa Sashidharan and all others who have joined me in the discovery of what is life about, enjoying life at best, making me laugh in most difficult times, making each moment a memorable one and yet always ready for helping me at all times. However, because the list might be too long & by fear of leaving someone out, I will simply say thank you very much to you all for being an integral part of my life.

Keynotes thanks to the Scientific Community of the world for all sorts of knowledge and technologies that has made the research in science and life on earth a better one. I would like to thank everybody whose dedication, prayers, & support had an important role in the successful realization of my thesis, as well as express my apology that I could not mention personally each & every one.

I deeply extend my heartfelt gratitude to My Gods: My Dearest Maa and Papa, my best motivations, my everlasting inspiration and my source of encouragement for doing right and good things. I owe my life to my Dearest Maa and Papa, Bhaiya, Bhabhi, Maddy and Ankita for their unconditional love and support, constant encouragement, difficult adjustments, sacrifices and for installing in me, the moral values, confidence, faith, sense of responsibility, without which this work would not have been possible. Thanks are due to my near and dear ones, family members, relatives and everyone for their blessings and having faith in my abilities.

Ultimately, I bow down to God, The Almighty, who has bestowed me with the most wonderful family, friends, teachers and a healthy mind and body in this stunning world full of wonders. Words cannot be enough to thank the Almighty for beautiful life and the most amazing thing, FAITH.

Thank you everyone....!

Rajput Mahendrapal Singh
