I am thankful to C.D.R.I., Lucknow, Department of Chemistry, SAIF, NEHU, Shillong and CIA, IIT, Guwahati, for many analytical and spectral results I procured in connection with my work.

My wife Shoma, dear daughters Sudeshna and Shristi took the trouble of managing my home in my absence gifting me an anxiety-free time in Silchar but for which the research work would have become formidable. I hold their loving and caring attitude in high esteem at my heart. My elder sisters, brother-in-law, father-in-law and above all my mother are ever for my all round well-being and particularly wish me a fine Ph.D. I would be happy to treasure their feelings for me at a closed quarter of my heart.
