ACKNOWLEDGEMENTS

The author feels it to be his proud privilege to express his deepest sense of gratitude to Dr. R. M. Acharya, Professor of Animal Genetics, ICAR Chair of Professor of Eminence, Haryana Agricultural University, Hisar, formerly Director, Central Sheep and Wool Research Institute, Avikanagar, for his valuable guidance, incessant encouragement, keen and sustained interest during the course of investigation and preparation of the manuscript.

The author is highly thankful to Dr. C. L. Arora, Director Incharge of CSWRI, Avikanagar for providing necessary facilities and guidance and valuable suggestions. The author expresses his sincere thanks to Dr. N. Kandaswamy, CSWRI, for his help at various stages in the preparation of this manuscript. Thanks are also due to Dr. D. B. Kalra, Incharge Training Programme at CSWRI, Avikanagar for his immense help and suggestions during the course of investigation.

The author owe his profound thanks to Sarvshri Kamal Kishore, S. D. J. Bohra, V. S. S. Prasad and Banerjee of CSWRI, Avikanagar and Dr. Sriman Choudhary and Dr. A. S. Faroda of HAU, Hisar for their help during the course of preparation and compilation of this manuscript.
Acknowledgements of the author are also due to Dr. Daroga Singh, Director and Shri S.S. Pillai, Joint Director and staff of Computer Centre, IASRI, New Delhi, specifically to Sarvshri K.V. Sathe, C.P. Dutta, Mahesh Kumar and S.P. Doshi for their help in statistical analysis of this investigation. Help received from Shri P.K. Jain of CSIRI, Avikanagar in computational work is also thankfully acknowledged.

Sincere thanks are also extended to all Faculty members of the Division of Animal Breeding and Genetics of CSIRI, Avikanagar and all other well wishers for their encouragement and help.

Last but not least the author wishes to express his appreciation to his wife Archana for her understanding and patience during the course of this investigation.

Avikanagar
