ACKNOWLEDGEMENTS

I wish to acknowledge first the LORD ALMIGHTY for the abundant blessings, wisdom and strength from the beginning to the end of this study.

I would like to extend my whole-hearted thanks and fervent gratitude to Dr. (Mrs.) Kalavathi Elangovan, Professor, Rani Meyyammai College of Nursing for her expert guidance and efficient directions in the pursuit of the study.

I would like to extend my sincere thanks to Dr. L.B.Venkatrangan, Vice Chancellor, Annamalai University and Dr. M.Rathinasabapathy, Registrar, Annamalai University.

I would like to extend my heartfelt thanks to Dr. Vijayalakshmi Ethiraj, Principal, Rani Meyyammai College of Nursing for her constant guidance and moral support to complete this study.

I am extremely thankful to, Dr.M.Ramanathan, Dean, Faculty of Medicine. My sincere thanks to Dr.N.Chidambaram Medical Superintendent, Raja Muthiah Medical College & Hospital.

I extend my sincere thanks to Dr. Thomas S.Xavier, Former Dean, Faculty of Medicine, Annamalai University, and Dr.S.Vembar, Advisor to Vice-Chancellor, Annamalai University for enabling me to start and carryout this study successfully.

I would like to thank profoundly Mr. John William Felix, Senior Lecturer-cum-Statistician, R.M.M.C.H, for his immense help in statistical analysis and also for his guidance throughout the study.
My gratitude is also extended to Dr. Jeyagowri Subash, Professor, Rani Meyyammai College of Nursing for her timely help and guidance.

I am extremely thankful to Prof. A.V. Rengachari, Retired Professor of Economics, Annamalai University for his valuable suggestions and timely help in completing this study. I thank Mr. D. Jeganathan, Sr. Superintendent, Annamalai University for editing this work.

I would like to extend my sincere thanks to all the staff, both teaching and non teaching of the Rani Meyyammai College of Nursing, Annamalai University for the valuable help during the work.

I am most grateful for the support of the study samples for their kind co-operation and timely help for completing this study.

I extend a special word of appreciation and thanks to Miss. S. Rohini and Miss. K. Thillaiserlvi for their fine execution in printing thesis.

I owe a special debt of gratitude to my friend Mrs. M. Gandhimathi, Reader, Rani Meyyammai College of Nursing for her valuable help and encouragement.

I extend a word of special thanks to my husband Dr. P.V. Murali, daughters M. Mathumitha, M. Pavithra, Mother and family members for their continuous encouragement and help throughout the study.

S. Kamala
