At the very outset, I would like to take immense pleasure in expressing my deep sense of gratitude and appreciation to my supervisor Dr. S.C. Garkoti, Lecturer, Department of Ecology and Environmental Science for his proficient guidance, constant encouragement as well as inspiration through out the investigation and also in preparation of this manuscript.

I express my sincere gratitude and thankfulness to my co-supervisor Dr. (Mrs.) Kusum Arunachalam, Lecturer, Department of Forestry, NERIST for her inspiration, valuable guidance, constant encouragement and keen interest she has taken to complete my research work and also in preparation of this manuscript.

My deepest sense of gratitude and sincere appreciation to Dr. A. Arunachalam, Assistant Professor, Department of Forestry, NERIST for his valuable guidance, inspiration, moral support, constant encouragement and keen interest he has taken to complete my research work and also in preparation of this manuscript.

I extend my heartfelt thanks to the Head, Department of Ecology and Environmental Science and other faculty members of Department of Ecology and Environmental Science, Assam University for their kind help and for conducting research necessary facilities. I am also grateful to the Head, Department of Forestry, NERIST, Itanagar, for proving laboratory facilities and other logistic support. I am also grateful to the faculty members of the Department of Forestry, NERIST for their valuable support and help. I extend my heartfelt thanks to Prof. S.C. Srivastava, Head, Department of Rural Development and Agricultural Production and other teaching and non teaching staff of NEHU, Tura Campus for their valuable support and help.

I humbly express my gratitude to Dr. D. J. Rajkhowa, Senior Scientist, Assam Agricultural University, Jorhat, and Prof. D. Mukherjee, Department of Agricultural Chemistry and Soil Science, Bidhan Chandra Krishi Viswavidyalaya, Mohanpur, Nadia, West Bengal for their valuable suggestion and providing literatures to carry out the research work. My sincere thanks goes to Dr. Pranab Dutta, Programme Coordinator, KVK, West Tripura, for his suggestions, constant encouragement and guidance during the work period.

I wish to acknowledge the Directors of Department of Agriculture, Department of Horticulture, Department of Animal Husbandry and Veterinary Science, Govt. of Arunachal Pradesh, Itanagar, and District Agriculture Officer, Department of Agriculture, North Lakhimpur for their indebt help and providing secondary data and information related to my research work. I am also thankful to Scientist and other officials of KVIC, Midpu, Arunachal Pradesh for providing earthworms and other secondary data and technical help for my research work. I extend my heartfelt thanks to the villagers of my study area for providing their field, help, cooperation and information throughout the study.

Financial assistance received from MHRD, New Delhi helped in achieving the present research objectives.
Thanks are due to my colleague D. Balasubramanian, Rajib Kagyung and Kuldip Gosai for their friendly support and help during the study. I also offer my warmest thanks to Dr. R. Sarmah, Dr. M. Majumdar, Dr. D. Adhikari, Dr. Kalidas Upadhyaya, Dr. P. C. Nath, Dr. P. R. Gajurel, Dr. Tapotis Das, Dr. A. R. Barbhuiya, Dr. S. Deb, Dr. S. Tangjang, Dr. A. Paul, and Dr. B.I Choudhury for their cooperation. Darwin, Tasso, Handique, Jayashree, Omeng, M. Ingti and all other research scholars of the Department of Forestry, NERIST and Department of Ecology and Environmental Science, Assam University also gave unvarying moral support.

My thankfulness also goes to my beloved uncle Mr. Babul Rai Choudhary and my maternal aunty Dipti Boruah for their love, inspiration and encouragement.

Special thanks to Mr. Snehal Kashyap for being a font of inspiration behind completing of this manuscript by his constant encouragement, love and support.

My heartiest acknowledgement, appreciation and thankfulness are especially goes to my beloved mother Dhanada, My elder sister Niharika, youngers Parmita, Kuki, Trinayani, Mriganki, Ankumita, brother in law Ranjit and nephew Isshan for their constant inspiration, encouragement, love and unstinted support that sustained my desire to put this work into completion.

The source of inspiration is from my father Late H. K. Bordoloi, who encouraged me and helped me a lot during his survival, and I still feel his blessings that is bestowed upon me from him as a heavenly adobe in his physical absence, I believed it my ‘base’ of walk upright and to finish my research work and to writing this thesis.

Last, but not the least, I thank the Almighty God whose blessings have helped me in overcoming all the decisive problems faced during the course of this study and supported to have peaceful and meaningful life.
