ACKNOWLEDGEMENT

I express my humble prayers to almighty who has bestowed his choicest blessings on me and has provided me the cherished opportunity to complete my thesis.

This is a proud privilege on my part to express the profound sense of gratitude to my guide, Dr. V.K. Rattan, Professor, Department of Chemical Engineering & Technology, Panjab University, Chandigarh, for his persistent and invaluable guidance, vigilant and enthusiastic supervision during the entire span of planning as well as preparation of the thesis work. Throughout my thesis writing period, he provided encouragement, sound advice, good teaching and lots of valuable ideas.

In equal measure, I tender my sincere thanks to Dr. R.C. Katyal, Professor and Dr. Sukhmehar Singh, Professor, Department of Chemical Engineering & Technology, Panjab University, Chandigarh, for their intellectual precision, cooperation and encouragement during the course of work.

I express my heartiest thanks to Dr. Daljit Singh, Professor and Chairman, Department of Chemical Engineering & Technology, Panjab University, Chandigarh for providing necessary material and facilities for research. I am also greatly obliged to Dr. Jagdish Singh, former Chairman, Department of Chemical Engineering & Technology, Panjab University, Chandigarh for his continuous support and encouragement.

I will be failing in my duty if I do not thank Mr. Pushpinder Singh, Sh. Faqir Chand, Mr. Vinay Kaushal, Mr. Tulsi Ram and all other Lab. Technicians, assistants and other staff of Department of Chemical Engineering & Technology, Panjab University, Chandigarh who have always been extending their help and cooperation.

My heartfelt gratitude to my husband Sandeep Kapoor and to my loving daughters Sanjana Kapoor and Ennayat Kapoor for their consistent motivation, support and cooperation. I also owe my warmest thanks to my in-laws for their encouragement throughout in my everlasting studies for completing this mammoth work.

Lastly, I again owe to that supreme power; The ‘Almighty’ of whose constant favour kindness and grace made me wade through all the difficulties to reach the finish line.
