ACKNOWLEDGEMENTS

I wish to express my deep gratitude to Dr. Harkishan Singh, Reader in Pharmaceutical Chemistry, for his enlightened and stimulating guidance and generous help throughout the course of the present investigation and for his suggestions in preparing the manuscript of the thesis.

My thanks are due to Professor K. N. Gaind, Head of the Department, for providing necessary facilities for research.

I am grateful to Professor Ajay K. Bose of Department of Chemistry and Chemical Engineering, Stevens Institute of Technology, Hoboken, New Jersey, for obtaining some of the NMR and IR spectra and for his valuable suggestions.
My sincere thanks are also due to Dr. V. P. Arya, CIBA Research Centre, Bombay, Dr. Nitya Nand, Central Drug Research Institute, Lucknow, and Dr. Arvin P. Shroff, Ortho Research Foundation, Raritan, New Jersey, for obtaining some IR and UV spectra.

Financial support provided by Council of Scientific & Industrial Research, New Delhi, is gratefully acknowledged.
