ACKNOWLEDGEMENT

First, all thanks must be owed to my Almighty God for His immense grace, strength, perseverance for the initiation, execution and completion of this research. Whatever I am today is just because of Him and I thank my Trinity God, who gifted me this life and provided me with all the following good people to support and stand with me in order to complete this work.

I take this opportunity to express my deep sense of gratitude and respect to my guide, Dr. J. K. Patterson Edward, Director, Suganthi Devadason Marine Research Institute (SDMRI) Tuticorin, Tamil Nadu, for his valuable guidance, constant encouragement and support during the entire course of my research, without which it would not have been possible for me to complete this work.

My deepest gratitude are due to the President, SDMRI, Mr. D.G. Rajan and the Vice President, Mr. D. Devaraj for giving me the opportunity to do research in this esteemed institution and for providing the necessary facilities during my tenure in the Institute.

I would like to express my deepest gratitude to Dr. Jamila Patterson, Professor, SDMRI, for her valuable suggestions with regard to my studies.

I wish to thank the authorities of Manonmaniam Sundaranar University, Tirunelveli for the various help rendered during the course of my study.

My sincere thanks are due to Dr. Jagtap, Prachi & Smita from National Institute of Oceanography (NIO), Goa for helping me to identify and collect samples.

I am extremely thankful to the staff and friends of SciGenom Labs, Cochin, Mr. Vishnu, Dr. Beena and Mrs. Revu for their immense help received during my molecular lab work and Bioinformatics Analysis.

My grateful thanks are due to Dr. S. Rajesh, Mrs. S. Immaculate, Assistant Professors, SDMRI and Mr. R.L. Laju, Research Scholar, SDMRI, for their encouraging words, support and timely help during the crucial final stages of this research.
I am also thankful to Mrs. S. Theiva Jothi, Librarian of SDMRI, for assisting me in the collection of references.

I would be failing in my duty if I did not recollect the valuable support and constant motivation endued by my father in law and mother in law during this entire study. I extend my deep sense of gratitude to my family for their great support.

I am indebted to my beloved husband, D. Gladwin Joseph and sincerely appreciate his constant support and enormous help rendered to complete this study. Without his faithful love, care and understanding it would have been difficult for me to find passion to succeed.

Finally, my sincere thanks and apologies are to everybody that supported me and my memory did not aid me to mention them.
