ACKNOWLEDGEMENTS

First and foremost I would like to thank my Supervisor Dr. Sarbani Giri, Head, Department of Life Science, Assam University, for being the guiding and driving force all throughout and for being so encouraging, helpful and caring and understanding. Without her this would not have been possible. Words cannot describe my gratefulness towards her.

I would like to thank Prof. G.D. Sharma, Dean, School of Life science for giving the support to carry on with the research work. I would like to thank the Faculty members of the Department for their help and support. My thanks are also due to the Laboratory Technicians and other staff of the Department of Life Science for their support.

I would like to thank Garden City College, Bangalore for their support and encouragement. I would like to express my gratitude to Prof. Nagaraj Shetty and Prof. Chandrashekhar of GKV, Bangalore and HOD, Department of Zoology, NEHU, Shillong for giving me the facility of taking photographs.

I would like to thank Dr Sandeep Dhar, Principal, Silchar Medical College for providing the gamma irradiation laboratory facility and other valuable support. My sincere thanks are also due to Dr. Mrinal Dey, Dr. Arabinda Das, Dr A.S. Baishya, Mr. Jiban Sharma, Mr. Manas Nath and Mr. Kalyan Chakraborty of the same Institution for their kind help and support during the course of the study.

My special thanks to Ms Mehnaz Mazumder, Ms Afifa Kausar and other Labmates for being by my side and extending their unconditional helping hand from time to time. My thanks are also due to Dr. Anirudha Giri for his valuable advice and suggestions during the preparation of the thesis.

Last but not the least I would like to thank my father Dr. C.S Das, my mother Mrs. Reeta Das and my husband Mr Sandeep Roy who are my pillars of strength and who have helped me at each and every walk of my life.

Silchar
The June 2007.
