ACKNOWLEDGEMENT

First of all I seek blessings from the Almighty God for reaching to this great event submitting my thesis.

I wish to express my sincere gratitude to my guide, Dr. A. K. Pati, F.N.A.Sc., Professor, School of Life Sciences, Pt. Ravishankar Shukla University, Raipur, Chhattisgarh, not only for his scholarly guidance and constant encouragement but also for his invaluable suggestions and keen interest in the progress of this work. Without his expert guidance and help, this Ph.D. dissertation would not have taken its present shape. I am thankful to him for his sympathetic attitude and for providing me with the necessary facilities.

I am feeling great pleasure to express my gratitude to Professor M. Asfaque, Co-supervisor, Retired Professor, Government College of Science, Raipur, for his guidance and invaluable suggestions, during the progress of my research work. Always I have great regards for him.

I express my sincere gratitude to Dr. B.N. Sharma, Principal, Government College of Science, Raipur, Chhattisgarh and Professor S.R. Ingle, the former Principal, Government College of Science, Raipur, Chhattisgarh, for their help and cooperation, and for providing me with the facilities to carry out my research work.

With great pleasure I express my gratitude to late Dr. S.H. Vajre, Ex-Head of the Zoology Department, Govt. College of Science, Raipur. Dr. M.L. Naik, Ex-Head of the School of Life Sciences, Pt. Ravishankar Shukla University, Raipur, for motivating me to carry out this doctoral work.

My special thanks are due to Dr. V. Rai, Head of the School of Life Sciences, Pt. Ravishankar Shukla University, Raipur, Dr. S.K. Mishra, Professor, School of Life Sciences, Pt. I am thankful to Dr. A.K. Gupta, Reader, School of Life Sciences, Pt. Ravishankar Shukla University, Raipur, and Dr. Sanju Sinha, for the help they rendered in photography.

No thanks can adequately reimburse the courteous help and cooperation extended by my laboratory colleagues specially Dr. Arti Parganaha and Dr. Arvind Agrawal.

I duly acknowledge the help and cooperation that I received from Prof. R.K. Agarwal, Head of the Department of Zoology and Biotechnology, Government College of Science, Raipur, whose co-operation made it possible to complete my work. I am indebted to him for giving me permission and facilities to carry out my research work.

I sincerely acknowledge the kind co-operation, moral support, encouragement and appreciation that I received from my colleagues and seniors, namely Dr. Renu Maheshwari, Dr. S. Gupta, Smt. P. Mishra, and Mr. A.K. Pandey, of the Department of Zoology, Government College of Science, Raipur.

Thanks are also extended to the supporting staff of the Department of Zoology and office of the Government College of Science, Raipur, for their co-operation during
this work. I specially mention the name of Mr. Sanjay Permar, who helped me in collection of the materials.

I am thankful to Mr. Parimal and Deepak Agarwal for composing my thesis work.

I want to express my thanks to Dr. Pradeep Kumar Patra, brother-in-law and sister Dr. Suneeta Patra and their daughters Ms. Suprabha Patra, Ms. Sudeepti Patra, without their valuable help, cooperations and motivation, this work would not have been completed so smoothly.

I am unable to find appropriate words to express my heartfelt sentiments for the encouragement and support given to me by my parents, Mrs. Anjali Das, and Late Dr. J.N. Das, their blessings throughout my work have led this task to a meaningful end.

Last but not the least words are not sufficient to express my thanks to my husband, Mr. Ravindra, for his help, and encouragement and little kid, Priyasha for bearing with my absence during the entire period of this work.
