ACKNOWLEDGEMENTS

At this time I can't help but remember my teachers and my institutions. My mind goes back to

- my mother - my very first teacher - the very first institution. I wish she was alive now,
- my teachers at School, College and Universities.
- Late Professor S. Guha. If only he had been alive to see this thesis.
- Dr. S.K. Pandey who took me under his wings after the untimely death of Professor Guha and supervised this thesis. I can never forget the way he encouraged me, and guided me, bearing with me through the inevitable delays.
- Professor R.K. Thakur of JNU for his words of advice, ready help and for facilities provided for this work.
- my friends, relatives and my colleagues for their help in various different ways.
- my typists Mr. Haidry and Mr. Hakimuddin.
- my father, uncle and brothers.
- and my husband and the kids who allowed me time to do this work.

I am most extremely grateful to them and I can never thank them adequately. This thesis was possible because of them.
