ACKNOWLEDGEMENT

First and foremost, all praise and glory to the almighty GOD, who had showered his grace in the form of knowledge, health and wisdom and every other way for completing this thesis. With immense pleasure, I convey my gratitude to a great number of people who assisted me throughout my venture.

I would like to express my sincere gratitude to my Guide Dr. A. Ramalingom Pillai, Head, Department of Chemistry, Lekshmipuram College of Arts and Science, Neyyoor for suggesting this topic for my research work. I am forever indebted for his supervision, advice and guidance from the very early stage of this research as well as giving me valuable suggestions at each and every step throughout the work. Above all, he provided me with the most needed unflinching encouragement and support in various ways. This exceptionally inspired and enriched my growth as a researcher.

I am deeply obliged to my Co-Guide Dr. C. Vaithyanathan, Head, PG & Research Department of Chemistry, S. T. Hindu College, Nagercoil for his constant support and encouragement to carry out this study.

I gratefully acknowledge Dr. S. Avila Thanga Booshan, Head, Department of Chemistry & Research Centre, Women’s Christian College, Nagercoil for her timely help in providing ideas, clearing doubts and constant encouragement.

Many thanks to the Principal and the Management of Women’s Christian College, Nagercoil, for permitting me to carry out a part of my research work in the laboratory of this institution.

I would like to express my special gratitude to all the teaching and non-teaching staff of the Department of Chemistry, Women’s Christian College, Nagercoil for extending their gracious and unconditional support during my research.
I gratefully acknowledge my friends **Dr. H. Mary Helen**, Assistant Professor, PG & Research Department of Chemistry, S. T. Hindu College, Nagercoil and **Dr. R. Medo Merina**, Assistant Professor, PG & Research Department of Botany, Women’s Christian College, Nagercoil for their indispensable help during the research period.

I express my gratitude to **Mr. J. Jeya Seelan David, M.Sc. (Agri)**, Assistant Director of Agriculture, Nagercoil and **Mrs. R. Sobhia, M.Sc. (Agri)**, Senior Agricultural Officer, Mobile Soil Testing Laboratory, Nagercoil for their valuable help rendered during sediment analysis.

I am also grateful to the Analyst **Mr. P. Murugesan**, Central Electrochemical Research Institute, Karaikudi for carrying out heavy metal analysis in sediment samples.

I take this opportunity to thank **Mr. Karthuvarajan** and **Mr. John Peter** for sharing their wide field of knowledge in locating the stations and in collecting sediment samples.

My parents, whose memory has been a strengthening one in any endeavour that I undertake, are remembered with due reverence. Special thanks to my family members for being supportive and caring. No words can be adequate to express my gratitude to my husband **Mr. R. Suresh Kumar** and my beloved son **S. Ranel Raj** for their love, patience and prayers.

Finally, I extend my thanks to **Win-Tech computers**, Nagercoil for the neat execution of my thesis.

**D. Helen**
