ACKNOWLEDGEMENTS

I express my sincerest gratitude to Prof. M.R. Narayana, my mentor and supervisor for this thesis. I remain heartfully indebted to him, who nurtured and sculpted me as a researcher. But for his invaluable advice, scrupulous supervision, incessant inspiration and overall moral support, this thesis would not have seen the light of the day. I owe to Prof. M Govinda Rao, former director, ISEC; who understood and guided me, built the foundation of my current Ph.D work, put me into research track, and made me think.
