List of Figures
Figure 3.1: Relationship between $\sigma$-divergence and $\beta$-convergence: 1960-70........... 74
Figure 3.2: Relationship between $\sigma$-divergence and $\beta$-convergence: 1990-97............ 74
Figure 4.1: Relation between $\beta$ and $\sigma$-convergence in inflation and inequality adjusted per capita consumption expenditure (Rural) if $\beta=0.0471$ ........................................ 104
Figure 4.2: Relation between $\beta$ and $\sigma$-convergence in inflation and inequality adjusted per capita consumption expenditure (Total) if $\beta=0.03$ ............................................. 105
Figure 4.3: Relation between $\beta$ and $\sigma$-convergence in inflation and inequality adjusted per capita consumption expenditure (Total) if $\beta=-0.0337$ ..................................... 105
Figure 5.1: Relation between initial SDI6 and its trend growth rate: 1980-1990 ...... 133
Figure 5.2: Dispersion of PCI and SDIs across 14 major States: 1976-2000......... 136
Figure 5.3: Dispersions in PCI within states of categories of states: 1976-2000 .... 137
Figure 5.4: Dispersions within Low Income States: 1976-2000 ............................. 139
Figure 5.5: Dispersions within Middle Income States: 1976-2000 ......................... 140
Figure 5.6: Dispersions within the High Income States: 1976-2000..................... 140

Appendices
Appendix 3.AI: A note on static measures of inter-state income inequality .............. 92
Appendix 3.AII: Estimated values of human capital index ...................................... 93
Appendix 4.AI: Nature and problems of various NSS rounds .................................. 107
Appendix 5.AI: Construction of human capital index (HCI) .................................... 159
