ACKNOWLEDGEMENT

This piece of work could not have been completed without sustained help, guidance and supervision of Dr. S. K. Panda, Department of Life Science and Prof. B. K. Dutta, Department of Ecology & Environmental Science, Assam University, Silchar. I express my sincere gratitude to them for their continuous guidance and deep involvement in my research work.

Special thanks are due to Dr. S. Giri, Head, Department of Life Science, Assam University, Silchar for providing me the laboratory facility to carry out my research work. I like to gratefully acknowledge the encouragement and advise received from my esteemed teacher Prof. G. D. Sharma (former Vice Chancellor, Nagaland University, Nagaland), Dean, School of Life Sciences. I thank Dr. D. Kar, Dr. M. D. Choudhury and Dr. B. K. Tiwari of the Department of Life Science, Assam University, Silchar for their suggestions during my research period.

I acknowledge with thanks the Director General, Council of Scientific & Industrial Research (CSIR), New Delhi for awarding me the Senior Research Fellowship (SRF), Award No. 9/747(2)/2003 EMR-8 dated 22-05-2003 & 9/747(2)/2003 EMR-1 dated 26-05-2005. I am especially grateful to the Director, Central Rice Research Institute, Cuttack, Orissa and Chief Scientist, Regional Rice Research Station (Assam Agricultural University, Jorhat, Assam), Karimganj, Assam for providing me the rice seeds throughout my research. I acknowledge the assistance of the technical staffs of the Department of Life Science.
Thanks are due also to my fellow research scholars Dr. Ksh. L. B. Singha, Mr. J. Mazumdhar, Mr. H. Upadhyay and Mr. R. K. Upadhyay whose continuous support and encouragement are praiseworthy.

I am beholden to my parents, A. R. Khan (father) and J. Khathun (mother) who have been a constant source of inspiration in my academic and research pursuit. Last but not the least I like to express my deepest feelings of love and affection to my brothers, sisters and especially Ayesha and Ekram for their persistent support and cooperation during the hard trying period of my research.

Sth December 2006

(MOHAMMAD HUSSAIN KHAN)
