ACKNOWLEDGMENTS

The present research work is the Doctoral Thesis submitted to the Department of Geology, S.V. University, Tirupati. The investigations were carried out under the guidance of Dr. R.C. Hanumanthu, Professor of Geology, Chairman Board of Studies and Director, Community Development S.V. University to whom the author remains ever grateful. It is with most profound feelings of respect and reverence that, I record my deep sense of gratitude to my Research Supervisor for suggesting the problem entitled “GEOLOGY OF THE GRANITE-GREENSTONE TERRAIN AROUND DORIGALLU, KADIRI SCHIST BELT, ANANTAPUR DISTRICT, ANDHRA PRADESH, INDIA”. I am highly indebted to him for his inspiring guidance, ever-eager helpful nature throughout the progress of the thesis work.

I am grateful to Dr. T.V. Krishna Reddy, Professor & Head, Dept. of Geology, S.V. University for providing me the necessary facilities and encouragement during the course of study in the department.

I tender my sincere thanks to all my beloved teachers, in the Department, Prof. V. Damodara Reddy, Prof. K. Kesava Raju, Prof. N. Subba Reddy, Prof. A. Nagaraju, Prof. N.B.Y. Reddy, Prof. A.S. Sudheer, Dr. T.S. Rao, Dr. S. Ramanaiah for their encouragement and co-operation.

Prof. Y. Venkatarami Reddy, Executive Council Member, S.V. University, Tirupati is thanked for the encouragement given.

I am highly indebted and owe my thanks to Mr. G. Suresh, Senior Geologist, GSI, Bandlaguda Hyderabad for his valuable suggestions, clarifications and discussions for the successful completion of this dissertation.

I extend my heartiest thanks to Dr. P. Padmasree, Lecturer in Geology, Government College, Rajampet, Kadapa District and Dr. P. Vijaya Kumari for which the keen interest evinced by them in my research work. I gratefully acknowledge their constant support for offering many valuable suggestions to make the thesis elegant and concise.
I am indebted to Dr. B.K. Nagaraja Rao, Former Director, G.S.I., Hyderabad for his valuable suggestions, clarifications to improve the quality of my Doctoral Dissertation.

I express my grateful thanks to Sri. V.D. Rajagopal, Director, Department of Mines and Geology, Govt. of A.P. and Managing Director, A.P. Mineral Development Corporation Ltd. for his constant encouragement.

I express my gratitude and appreciation to Dr. K.S.S. Prasad (Research Associate), Dr. Y. Srinivasa Rao (Pool Scientist), Dr. N Jayaraj (Scientist), M.V. Subba Reddy (JRF), B.C. Sundara Raja Reddy (JRF) and to all my colleague scholars for all their timely help and support in building the thesis up to the mark.

I wish to express my sincere thanks to Mrs. V.S. Lakshmi Devi, wife of my Research Supervisor and their son Master R. Prasanth for extending their encouragement and keen interest evinced in the progress of my research work.

I wish to record deep sense of love and gratitude to my Parents Sri. C. Lingamaiah & Smt. C. Sathyavathi, Brothers – C. Chandra Sekhar – C. Satish Babu, Sister-in-law – C. Krishnaveni and all my family members, but for whose fond love, suggestions and support, my task would have been arduous. My special love and best wishes to my brother’s lovely daughter K.B. Siri Chandana on this occasion.

I thankfully acknowledge the financial support rendered by our University in the form of Merit Scholarship.

Finally, I express my appreciation and thanks to all those who steered my research work to near completion, either directly or indirectly, by their untiring encouragement and help.

C. Sreedhar Babu
