It is my proud privilege to express my profound sense of gratitude and deep indebtedness to Dr. K.K. Verma, my supervisor, who very kindly extended to me the benefit of his inspiring, invaluable and mature guidance. He has been a source of constant inspiration during the course of this study.

I am extremely grateful to Dr. N.K. Dutt, Professor of Education, Banaras Hindu University, who initiated me in the study of 'Creativity'. His precious advice at various stages of the execution of the study, enabled me to complete the study. I am also grateful to Dr. S.B. Kakkar, whose useful help proved a source of encouragement for me. I am also indebted to Dr. E. Paul Torrance of U.S.A. for sending me useful reading material and also helping me in the development of Test of Creative Thinking used in the present study.

I will be failing in my duty if I do not express my sense of gratitude to all those teacher trainees who acted as subjects of the present study. I am also grateful to Principals of Rangarhia College of Education, Phagwara; Govt. Training College, Jullundur and Guru Nanak College of Education for Women, Kapurthala, who lent their full cooperation in the administration of tests in their Colleges.

Mr. M.P. Bhasin, Mr. A.S. Chawla, Mr. Sudeesh Chander, Mr. Harinder Sahni, Miss Manju Bedi and Mrs. Sukhija, also deserve a word of praise for lending a helping hand at various stages of the execution of the study.

Last but not the least, I am very thankful to my wife, Mrs. Krishna Devi, for placing sufficient time at my disposal, which was badly needed for the completion of the study.
