ACKNOWLEDGEMENT

With deep sense of gratitude and indebtedness, I thank my research guide Prof. Dr. N. K. Sane, for his constant encouragement, inspiring guidance, constructive criticism and valuable suggestions during entire research work. I am extremely grateful to my co-guide Prof. Dr. S. V. Joshi, who has taken keen interest. His tremendous enthusiasm in providing excellent guidance and valuable suggestions accelerated the completion of my thesis. Working with them has been a great untainted joy.

I have completed this research work because of the keen interest shown by Director Prof. Dr. R. M. Jalnekar, Prof. Dr. M. B. Choudhary, Prof. Dr. M. K. Nalawade, and Prof. Dr. S. Pavithran, Head, Mechanical Engineering Department. They provided all the help required for the completion of the research work. I appreciate the counseling and time provided by them. Their guidance has played a major role in strengthening my engineering skill set and enhancing my confidence.

This research work could see the light of the day and rock solid support of founder President Prof. M. N. Navale and Founder secretary Dr. Sunanda M. Navale of Sinhgad Technical Education Society Pune. I sincerely thank them from bottom of my heart. I am grateful to University of Pune for providing Research Grant for this research work.

I express my explicit thanks to Dr. Avinash G. Kharat, Principal, Sinhgad Academy of Engineering Kondhwa(Bk), Pune for his wholehearted co-operation during the last two and half years.

I would like to acknowledge the great assistance provided to me by Prof. Col. O. P. Misra, Head Department of Mechanical Engineering and Dr. M. P. Ghatule, Head of Engineering Sciences and F. E. Coordinator, S.A.E. Kondhwa(Bk), Pune.

I thank Mr. Ashish Kulkarni, Head Software Development, Tridiagonal Solutions, Pune for providing training on FLUENT software and necessary guidance; Mr.
Hemant Apte and Mr. H.V. Abhyankar from Sharp Techno Systems, Sangli for fabrication of the test facility.

I am thankful to Prof. Dr. Mrs. J. P. Shete, Mr. S. V. Dingare, Prof. Dr. S. P. Deshmukh, Mr. V. Ramanathan and Mr. J. N. Kajale, for their timely help. Special thanks are due to the faculty members and staff of Mechanical Engineering Department of S.A.E., who have provided all the support throughout the project period. I thank all my friends and students who stood by me through the completion of this project.

I take this opportunity to express my gratitude towards my parents, sister, brother, brother in-law, parent’s in-laws and family members, whose unconditional support has helped me rise to this level.

Finally, I appreciate my wife Dr. Mrs. Suvarna’s patience and willingness in offering all sorts of help during the tight schedule. She made my Research Activities more comfortable and joyful. My sons Atharva and Shrutayu have been pillars of strength and motivation to forge ahead.

I would like to thank all whose direct and indirect support helped me completing my thesis in time.
