ACKNOWLEDGEMENT

“It is He who sends water from the sky, from it you drink and from it come the shrubs among which you graze your herbs. And by it He makes crops grow for you and olives and dates and grapes and fruits to every kind. There is certainly a sign in that for people who reflect” (Surah- Nahl: 10-11).

All praises be to Allah the most merciful and beneficent. My head bows in humble gratitude towards Him, for having blessed me with the strength and courage to accomplish this task.

This study is not easy as I would have liked it to be, but it would have been even tougher and perhaps impossible without the help and guidance of many people.

It exceeds my bliss height in expressing my gratitude to my esteemed supervisor Prof. Amina Khan for her immense support, affectionate inspirations, cool attitude, constant encouragement, invaluable suggestions and creative guidance that paved the way for successful completion of this work.

I am also very thankful to Prof. G.H. Dar Head Deptt. of Botany, University of Kashmir who has offered encouragement cooperation and necessary facilities during entire course of my research programme.

This work would not have been possible without the help and cooperation of Head Department of Pomology Prof. F.A. Bandey SKUAST- Shalimar, the lab facilities and apple orchards they provide me is highly acknowledged.

I express my personal gratitude and profound regards to my esteemed teachers especially Dr. Irshad Ahamd Nawchoo, Dr. Zaffar Ahmad Reshi, and Dr. Abdul Hameed Wani, who always provide all
assistance and help I needed from them. This approach would always revitalize me and proved quite fruitful which I acknowledge gratefully.

My special word of thanks goes to Research scholars of Plant Anatomy Lab like Mr. Bilal Ahmad, Dr. Mushtaq Rasool and Mr. Nazim Hussain. I must not forget the sincere suggestions, guidance and encouragement of Dr. Tabasum and Dr. Asaya in completion of thesis.

No words can be appropriately fit to eulogize the contribution of my parents to reach the present stage of life. Always patting on my back, inculcating the virtues of humanity, hard work and discipline along with unfettered love and assistance, they are behind the scene guiding spirit in my life. Whole hearted thanks are due to my father who often accompanied me during literature survey in different Universities and Institutions. Mere words are not enough to express my feelings of indebtedness, from the core of heart towards my beloved and caring mother, her loving and caring attitude always follow me like a shadow and encouraged me to proceed along a path, “Where tireless striving stretches its arms towards perfection”. I am highly thankful to my sisters and cousins especially Zeenat and Shaista. I must especially emphasize the powerful contribution of my friends like Miss. Taskeen, Miss. Sadaf, Miss. Tawheeda, Miss. Neelofer and Miss. Lubna.

I am very thankful to Mr. Parveez Ahmad “Virus Computers”, Hazratbal, Srinagar for taking the care and pains in computer typing, setting and printing the thesis.
