List of Tables

Table 1. Distribution of Sample Characteristics
Table 2. Distribution of Number of Items in PACK-MR in Initial Pool
Table 3. Distribution of Items in terms of Age
Table 4. Summary of the Initial and Final Round up of Items on PACK-MR
Table 5. Scores on Test-Retest Item Reliability
Table 6. Scores on Subject wise Test-Retest Reliability
Table 7. Mean and SD Scores on ACP-DD &Correlations with PACK-MR
Table 8. Type of Reported Play in Normal Children and those with Mental Retardation
Table 9. Mean & SD Distribution of Activity Log on a Typical Day for Children with Mental Retardation in relation to presence or absence of problem behaviours
Table 10.1. Results on Tests of Significance for Gender Variable for Activity Log across Domains for Children with Mental Retardation
Table 10.2. Results on Tests of Significance for Age Variable for Activity Log across Domains for Children with Mental Retardation
Table 10.3. Results on Tests of Significance for Severity Level for Activity Log across Domains for Children with Mental Retardation
Table 10. Mean & SD Distribution of Activity Log on a Typical Day for Children with Mental Retardation in relation to child variables

Table 11.1. Results on Tests of Significance for Type of Family for Activity Log across Domains for Children with Mental Retardation

Table 11.2. Results on Tests of Significance for SES Variable for Activity Log across Domains for Children with Mental Retardation

Table 11.3. Results on Tests of Significance for Parent Education for Activity Log across Domains for Children with Mental Retardation

Table 11.4. Results on Tests of Significance for Maternal age for Activity Log across Domains for Children with Mental Retardation.

Table 11.0. Mean & SD Distribution of Activity Log on a Typical Day for Children with Mental Retardation in terms of Socio-Demographic Variables

Table 12.0. Content Analysis of Patterns of Play Behaviour in Children with Mental Retardation in relation to child variables

Table 13.0. Content Analysis of Patterns of Play Behaviour in Children with Mental Retardation in terms of socio demographic variables

Table 14.0. Content Analysis of Patterns of Play Behaviour in Children with Mental Retardation in terms of socio demographic variables

Table 15.0. Content Analysis of Patterns of Play Behaviour in Children with Mental Retardation in relation to presence or absence of Problem Behaviours
Table 16.0. Types of Play Peers for Children with Mental Retardation

Table 17.0. Types of Play Peers for Children with Mental Retardation in terms of Socio-Demographic Variables

Table 18.0. Types of Play Peers for Children with Mental Retardation with respect to presence or absence of problem behaviours

Table 19.0 (A). Play Activity Checklist for Kids with Mental Retardation 3-6 Years Mental Age (PACK-MR)

Table 19.0 (B). Play Activity Checklists for Kids with Mental Retardation 6-9 Years Mental Age (PACK-MR)

Table 20.0. Distribution of Types of Toy Preferences in Children with Mental Retardation

Table 21. Distribution of Types of Toy Preferences in Children with Mental Retardation in terms of Socio-Demographic Variables
