ACKNOWLEDGEMENT

This dissertation has been prepared under the guidance and supervision of Prof. L. S. Venkataramanan, Agricultural Development and Rural Transformation Unit, Institute for Social and Economic Change, Bangalore. But for his help and suggestions at all stages, this study would have been impossible.

I am grateful to Dr. V. G. Rao and Sri Ashit K. Choudhury for assistance in computer work. I must also thank the staff of the Institute Library for easy access to relevant material, and my friends and colleagues for suggestions and encouragement at various times. My sincere thanks are also due to Sri G. V. Ramaprasad for neatly typing the thesis.
