ACKNOWLEDGEMENT

The author expresses his deep appreciation, gratitude and thankfulness to Dr. N.K. Roy, D. Phil., Research Officer in Dairy Chemistry, for his keen interest, valuable guidance and constant encouragement during the entire course of the investigation and preparation of the thesis.

He wishes to thank Dr. N.C. Ganguli, D.Sc., Professor and Head, Division of Dairy Chemistry, his predecessor, Dr. V.R. Bhalerao, Ph.D., and also Dr. S.N. Ray, Ph.D., F.N.I., and Dr. Noshir N. Dastur, Ph.D., formerly Directors of this Institute, and Dr. D. Sundaresan, Ph.D., the present Director, for the facilities and kind encouragement received from them during the work.

He is indebted to his numerous colleagues and seniors in the various Divisions of this Institute for the kind cooperation extended to him on occasions and offers his thanks to them all, without mentioning the names of a few and missing many others.

The author thankfully acknowledges the encouragement received from his erstwhile class-mate Sh. O.P. Chaudhary, M.Sc. (Agri. & A.H.).
