SELECT BIBLIOGRAPHY

This is only a select bibliography on urbanisation. Books, doctoral theses, reports, research articles and conference papers relevant to the theme of the present work have been included. All the entries were arranged under four sections as listed below:

I. Urbanisation: general and miscellaneous (including world patterns)
II. Urbanisation in individual countries (excluding India)
III. Urbanisation in India
IV. Urbanisation in states/regions of India.

Further, the entries falling under each section were sub-divided into two groups:

(a) Books, theses, reports and bibliographies
(b) Research articles and conference papers.

Citations of books include the name of the author on the first line, the title of the book on the second, and the name of the publisher, place and year of publication on the last line/s. In case of research articles, the name of the author is given on the first line, title of the paper on the second, and the name of the periodical, volume number, year and page numbers on the last line/s. Studies published in the English language only could be made use of as the authoress does not know any other foreign language.
