ACKNOWLEDGEMENTS

It gives me tremendous pleasure to place on record my deep sense of gratitude and indebtedness to my honourable supervisor, Dr Harnek Singh Kaile, Vice-Principal, G.H.G. Khalsa College of Education, Gurusar Sadhar (Ludhiana) under whose inspiring, valuable and illuminating guidance, I had the privilege to complete this research work. His vast knowledge and painstaking efforts, coupled with research competence, have contributed immensely in improving the quality of the thesis.

I am highly thankful to Principal V.P. Arora and other staff members for providing the necessary facilities.

My sincere thanks are due to my meritorious parents and my wife Sushma Jaidka for their loving and co-operative attitude and constant inspiration.

Thanks are also due to all the heads and teachers of various schools, without whose co-operation the data collection would not have been possible.

I also thank Mr Dildar Singh, Senior Stenographer, Department of Horticulture, PAU, Ludhiana for typing the thesis with care and personal interest.
