Acknowledgements

It was a rare privilege to work under the guidance of two of the best teachers in their respective fields, Dr. V.K. Kapoor, Professor of Pharmaceutical Chemistry and Ex-Chairman, University Institute of Pharmaceutical Sciences, Panjab University, Chandigarh, and Dr. K.L. Dhar, Ex-Emeritus Scientist and Ex-Scientist 'G', Regional Research Laboratory (CSIR), Canal Road, Jammu. Their ever encouraging attitude and keen interest in the project helped in maintaining the tempo throughout the research period.

I sincerely thank Prof. S.S. Handa, Ex-Director Regional Research Laboratory, Jammu and Dr. G.N. Qazi, Director, Regional Research Laboratory, Jammu, and Dr. D.P. Jindal, Professor and Chairman, University Institute of Pharmaceutical Sciences, Panjab University, Chandigarh, for providing facilities to carry out the research.

The words are not sufficient to thank Dr. K.L. Bedi, Chairman, Pharmacology Division, RRL, Jammu, for not only allowing me to work in his laboratory and to utilize the facilities but also giving the useful suggestions regarding the work.

The useful discussions and suggestions by Dr. S.C. Taneja, Dr. S.K. Koul and Dr. Ravi K. Khajuria helped the project to reach the present form and are gratefully acknowledged. I would like to thank Dr. J.L. Koul, Mr. Manoj Tikoo, Mr. Ashok Tikoo and Mr. Rajinder Gupta for all the help and suggestions during the course of work. Thanks are also due to Ms. Santosh, Mr. Jasbir and Mr. Shyam Lal for their kind help.

I would like to thank Dr. P.D. Sharma and Dr. Karan Vasisht, Readers, University Institute of Pharmaceutical Sciences, Panjab University, Chandigarh, for the help and guidance during the course of work.

The work would not have reached the logical conclusion without the support of the Instrumentation section of Regional Research Laboratory, Jammu. The kind help of
Ms. K.K. Jamwal, Mrs. Basant Purnima, Mr. Rakesh Bhasin, Mr. Puroshotam and Mrs. Bindu are duly acknowledged. I would also like to thank Ms. Asha Bhagat and Mr. Zaber for their help in carrying out pharmacology of the compounds.

It would not have been possible to stand the thick and thin during the project without the help of my friends who not only provided the lighter moments but also helped in all ways they could, during the course of work, I would like to thank especially Mr. Sunil Bajad, Dr. Deepak M., Mr. Mohane Coumar, Mr. Ipe Ninan, Mr. Raghvendra Rao, Dr. A. Mangal, Dr. Rajinder Singh and Mr. Anil Prabhakar.

This work would not have been possible without the moral and emotional support from my parents and brother.

The financial support from CSIR and DST during the course of work is gratefully acknowledged.

Neeraj Mahindroo
